Welcome

Strathmore University is a transformative environment that challenges and inspires a student. It is a place to forge friendships that will last you a lifetime, gain skill sets that you will build on continuously and take away unforgettable experiences and memories. One acquires values that encourage high moral standards, hard work, innovation and entrepreneurial appetites. It also strives to promote personal integrity and respect for diversity and human dignity.

The excellent education, the opportunities for personal growth and the fine educational facilities found in Strathmore are not the preserve of only certain types of people but of all our citizens including the poor and marginalized in our country. We are determined that this university guided by our Motto “Ut omnes unum sint” which means “That all may be one”, will always try to be diverse, inclusive and outward facing, serving all members of our society with love and solidarity.

Prof. John Odhiambo - Vice Chancellor

Why Strathmore?

1

Why Strathmore?

Our Brand Education

The University focuses on developing the whole person, as well as combining breadth of learning and professional specialization, in its educational programs. Our market-oriented courses, industry linkages and opportunities outside the classroom provide positive career outcomes for our students in their chosen fields.

Mentoring

Strathmore University is singular in using a mentoring system in which one-on-one sessions between mentor and students aim to bring the integration of knowledge, skills and values down to the personal level. The mentoring program guides students' professional development and helps mould independent, successful and upright professionals to serve society.

Our Graduates

Employers attest that Strathmore Graduates distinguish themselves in the work-place as much by their work ethics and discipline as by their ability to learn quickly, handle a wide range of tasks and communicate and interact well with people inside and outside the organisation.

International Experience

Strathmore provides global exposure to students through international academic trips meant to provide vast experience in their fields of specialization. Students have an academic trip to different parts of the world in a bid to expand their knowledge not only locally but also internationally. The University has great learning opportunities for students to

equip them with relevant knowledge in their study fields.

Why Strathmore?

Experience after the International Court of Justice Session

Brian Kimari

‘There is so much to be learned in the world outside the classroom. In my experience, you know a bit more with every mile covered, and that’s the beauty of the academic trip, you don’t even have to be in class to learn something new. Every minute of it was just as inspiring!’

Exchange Programmes with Universities abroad. Strathmore School of Commerce students on a learning journey in Switzerland

Kirandeep Kaur Virdee

“Switzerland is a particularly organized country, St Gallen University is no different. In general, this exchange experience has been valuable in not only developing me in terms of knowledge and cultural understanding, but for every aspect of my life. I have learned so much about myself and those around me by living in a new location and having to adapt to the different methods of teaching. These are all great for character building.”

BCOM 3rd and 4th year students trip to Switzerland

Teaching & Learning

Work Experience:

Community Based Attachment

Strathmore University aims at serving the Kenyan society to the best of its ability and part of its mission is to provide service to society. Students engage, at the end of their 1st year undergraduate course, in volunteer activities that focus on providing off- campus services needed by different sectors of the community.

Industry attachment

An Industrial Attachment is a structured, credit earned work experience in a professional work setting during which the students applies and acquires knowledge and skills.

***Sylvia Wendo and Winfred Anyona
BBIT students***

We volunteered at Kenyatta Hospital in the pediatrics ward to do our community based attachment for 200 hours. After our experience there, we founded, Donate for Dignity Foundation to raise money to pay hospital bills for some of the patients.

For a period of one week at Strathmore University, we sold cookies, cards and requested people to donate cash. We raised enough money to buy a tea urn for one of the wards which was used to boil water for the children for medical and hygiene purposes.

We also paid National Hospital Insurance Fund (NHIF) for some of the needy patients who could not afford. The mandate of NHIF is to provide accessible, affordable, sustainable and quality health insurance.

We are planning to continue with this foundation so as to help as many people as possible to get proper medical care through paying NHIF for them.

Teaching & Learning

INTERNSHIP OPPORTUNITY

Ivy Kinyanjui and Salma Khamala, 3rd Year Strathmore Law School students experienced a once in a life time opportunity, through an internship at the International Criminal Tribunal for the Former Yugoslavia (ICTY).

Their experience was as an eye-opening, practical way of familiarizing what they learned in theory through hands on proceedings. They were privileged to intern for the immediate Office of the Prosecutor.

Faculty

We have outstanding faculty that greatly contribute to the transformation of students' lives. They are well trained to teach in the 21st century with a focus on helping students acquire skills required at the job market.

Facilities and Resources

Library facilities

The library complex and reading rooms are spacious with an atmosphere that is highly conducive to private study and research. The wide range of material contributes to the university's excellent academic performance. The library system is available online.

E-learning facilities

Strathmore University is a pioneer in the use of ICT. Our e-learning system enables students to view the coursework material that lecturers have posted, submit their finished assignments, update their calendars, interact and chat with fellow students, participate in various fora and communicate with their lecturer. Students have access to numerous computer laboratories, unlimited Internet, a wide range of software and e-mail. A wireless network enables students with laptops and mobile devices to access the online network from various locations around the campus.

Writing Centre

The Strathmore Writing Centre was set up to help students cope with the different communication demands of university education.

These demands are mainly written communication and academic writing such as term papers, essay questions, reflection papers, portfolios, project proposals, spoken communication (class presentations, defences etc.), as well as the use of proper language. They also carry out research in writing skills and communication.

@iBizAfrica

@iBizAfrica business incubator carries out the Entrepreneurship incubation theme of @iLabAfrica. It seeks to provide a nurturing environment that builds on the potential of the youth to develop ICT solutions and businesses that work for the common good in society.

The theme focuses on the following areas:

- Fostering an environment for entrepreneurs to develop, nurture and exchange their innovative ideas.
- Providing mentoring and services to start-up companies such as seed capital, legal advice, financial expertise, relevant training and physical resources.
- Providing Business Incubation facilities and establish linkages with other incubation centres in the country and around the world.
- Forging industry partnerships.
- Acting as a focal point for investors (venture capitalists, angel investors, private equity groups and banks) to engage potential technology entrepreneurs @iBizAfrica has already managed to forge valuable partnerships with IDEA foundation (Norway), Deloitte and CIO East Africa, among others.

Scholarships

Scholarships

Strathmore University Scholarships

The University has a scholarship scheme which runs from its annual reserves in addition to returns from the European Union Endowment Fund. Eligibility and selection criteria vary widely.

The broad range of scholarship programmes enables the university to cater for a wide range of applicants across all degrees, diplomas and professional courses.

The scholarships fall under the following categories:

- Mathematics Contest Scholarships
- Sports Scholarships
- Sports Fee Rebate
- Student Council Rebate
- Family Fee Rebate
- Merit Scholarship

“After my first year, I contemplated dropping out of Strathmore because I couldn’t afford the tuition fees any more. I applied for various scholarships but nothing was falling through.

Finally, when I was almost giving up, I received a 65% scholarship from one of the Strathmore donors while Strathmore gave me 35%. Thank you for your sponsorship.”

Class of 2015, School of Finance and Applied Economics, First Class Honors; Voted as the best male student class 2015.

Reuben Muhindi

Mentoring

Mentoring

Strathmore University envisions educating its students as all round citizens. In this effort the University has a mentoring service which is aimed at ensuring that the vision is attained.

The Aims of Mentoring

The aims of Mentoring are taken in part from the broad University Mission objectives. These objectives are

- To develop human virtues in the students, such as honesty, sincerity, loyalty, hard work, cheerfulness, and promote mutual understanding and co-operation among members of different religious beliefs and ethnical backgrounds.
- To develop a culture which will uphold the dignity of the human person and family values, as well as promote a spirit of dialogue and mutual understanding, recognizing that all persons are intrinsically equal in the eyes of God and that all can and should help one another to learn and improve throughout their lives.

- To produce competent professionals for the job market who can serve society with initiative, accountability and personal responsibility.
- To contribute to the development of society by making the students more humane and making sure that 'economic progress' and 'success' do not become the rule for everything else.

The mentorship program at Strathmore has allowed me to create a personal relationship with my mentor that has enabled me to be molded and to become a better person both in and out of class.

Career Development Services

Career Development Services

Careers: Transforming your future

Who we are

We serve as a liaison between you, the student, and legal employers to help you define your career goals as well as equip you with the skills and information necessary for a successful employment search.

We also plan several events like career fairs and workshops which are geared towards helping you get that job or, better yet, start your own enterprise.

Our services are open to

- Our current students
- Our Alumni (regardless of how long ago you were a Strathmore University Student)

The Career Development Services Office seeks to complement the academic mission of the University by educating and empowering you to take ownership of your professional development as a lifelong learner and

to function successfully in a global society. Additionally, we want all of our students to graduate with the six basic career competencies listed below:

- Communication Skills
- Critical Thinking Skills
- Interpersonal Skills
- Leadership skills
- Self-Management skills
- Technical skills

Community Service Centre

The goal of the Community Service Centre (CSC) is to enhance the quality of life for the people in the community by connecting the knowledge and resources of the University to the country's evolving economic, social and community needs. In all its work, CSC emphasizes student and staff participation with the aim of equipping them for a lifetime of outreach and volunteerism. Within this context, the University is keen to engage its students and staff in volunteer projects that expose them to the realities of the community and make them agents of change in their communities.

Rachel

"The Merit Loan has afforded me the kind of experience — intellectual, social, cultural — that comes only once in a lifetime. It took away a lot of financial stress off my parents, who were willing to sacrifice everything to allow me to attend university. The experience of studying at Strathmore University is, without doubt, unique and has helped making my dreams come true. I have had a positive transformation through Strathmore's community outreach programs. It is

my goal to be on the other side of the fence and to give back to the community in the years to come. I am indebted to all the partners of Strathmore for what they have done for me and I am truly thankful for all they continue to do to make things possible for students that would have otherwise thought a post-secondary education was not an option."

4th Year, School of Management and Commerce.

Student life

Sports, Clubs & Societies

SPORTS

Strathmore University has gained international recognition in the various sports.

Achievements in sports

The basketball teams for both men and women have represented Strathmore in the East Africa University Games in Uganda and won bronze and silver medals respectively in 2014.

The hockey women's team competed in the 2014 Africa Cup of Club Championship in Zimbabwe and brought home a silver medal.

In rugby, the Leos, Strathmore Rugby team participated in the HSBC Rugby world sevens the UK in 2015.

Rugby – Micheal Wanjala

I'm passionate about rugby. Currently I play for the Leos, Strathmore Rugby team. I had joined the national team of Kenya and this made me see the world from a different perspective. Strathmore has enabled me to be an all-round person juggling between studies and playing rugby. The environment has enabled me to have as conducive place to study. Playing rugby has taught me to be disciplined and never to have a give-up attitude. My talent has taken me places that I never imagined.

Why Join a club?

These are reasons why students should join a club:

- Personal growth exposure in your academic field
- Meet life changing individuals
- Leadership development
- Continuing Education
- Maximize your talents and abilities
- Interact with people from different cultures
- Links with industry through attachments
- Links with other universities through sports and competitions
- Learn how to give back to the community
- Grow and maximize your talents and abilities
- Job opportunities

MEET THE CLUBS

sumediagroup@strathmore.edu

Courses

FACULTY OF INFORMATION TECHNOLOGY

Bachelor of Business Information Technology (BBIT)

In the past many students would have found opportunities in the work environment with just computer science training. Employers today prefer students who have a thorough knowledge of Information Technology and who at the same time understand how business organisations are managed.

To ensure the curriculum keeps pace with changing industry demands, students will select current topics to be covered by industry experts in their final year. Courses in humanities and ethics are included to address wider awareness of social and human life that form the society, private life and human relations, and consequently the life of a company and its performance.

The course is structured to focus on issues surrounding development and implementation of IT solutions that meet organisational strategies that is:

- Strategic use of information systems to give businesses a competitive advantage through proper information management.

Careers

BBIT offers a combination of Computer Science, Business Management and Human Development courses for careers in: Systems analysts and designers, System Developers, Network Administrators, Database Developers and Administrators, Managers of IT departments, Project Managers, Researchers in IT-related fields requiring data analysis, IT Trainers, Future CEOs.

OUR ENTRY REQUIREMENTS

Applicants must meet the following requirement:

- KCSE Mean grade of C+
- IGCSE six B's including Mathematics and English and A level 2 principal passes and 1 subsidiary pass.
- Level six B's including Mathematics and English
- IB 25 points with 4 points in mathematics and 5 points in English.
- A distinction in the Strathmore Entrance Exam.
- Proven leadership skills in school & community and outstanding performance in extra-curricular activities are an added advantage.
- All candidates meeting the entry requirement are required to sit the University entrance examination in English, Mathematics and an oral interview.

Interviews are held on Tuesdays and Thursdays at 8:00 am.

Candidates are required to bring originals and copies of relevant academic certificates, 2 passport size photographs, a photocopy of birth certificates or National ID or passport and Ksh1, 800 entrance exam fee.

INTAKES

- Intakes for the full-time programme are in March and June
 - Intakes for the Exempt and Evening programme are in May and September
- EXEMPTIONS Only Strathmore DBIT graduates can qualify for exemptions.
- Intake for the full-time exempt programme is in April

**FACULTY OF INFORMATION
TECHNOLOGY**

- Participate in the Career Development Services events and training

STRATHMORE INSTITUTE OF MATHEMATICAL SCIENCES

Bachelor of Business Science: Actuarial Science

The Bachelor of Business Science in Actuarial Science degree offered at Strathmore is benchmarked to the Institute and Faculty of Actuaries (IFoA) in UK Actuarial Profession. This comprehensive course requires diligent and conscientious study patterns.

Why choose this degree?

This is an internationally recognized degree that is very well-regarded by the industry. It's a challenging and highly rewarding degree for those want to enter the financial services, such as insurance and pensions industries, in a quantitative role. This degree will help you develop the technical and specialist skills needed to pursue the role of an actuarial analyst. The training provided in this comprehensive degree course will help you complete at least 10 of the 15 examinations from the Institute and Faculty of Actuaries, setting you on the path towards becoming a fellow of the Institute and Faculty of Actuaries.

Who is this degree for?

You are a high-achieving student looking for a foundation to enter the actuarial

profession. You have a passion for mathematics, and like to analyze data to solve business and financial problems.

Job and career prospects

The top destinations in Kenya for our graduates include; Actuarial Service (EA) Limited, Doreo Partners (Lagos, Nigeria), KPMG, Deloitte, Britam, Futures First, IBM Research, I&M Bank among others. Graduate roles include; Actuarial Analysts, Business Analysts, Research Analysts, Investment Analysts/Bankers, Wealth Analysts, Asset Management officers and Business Consultants.

Programme Strengths

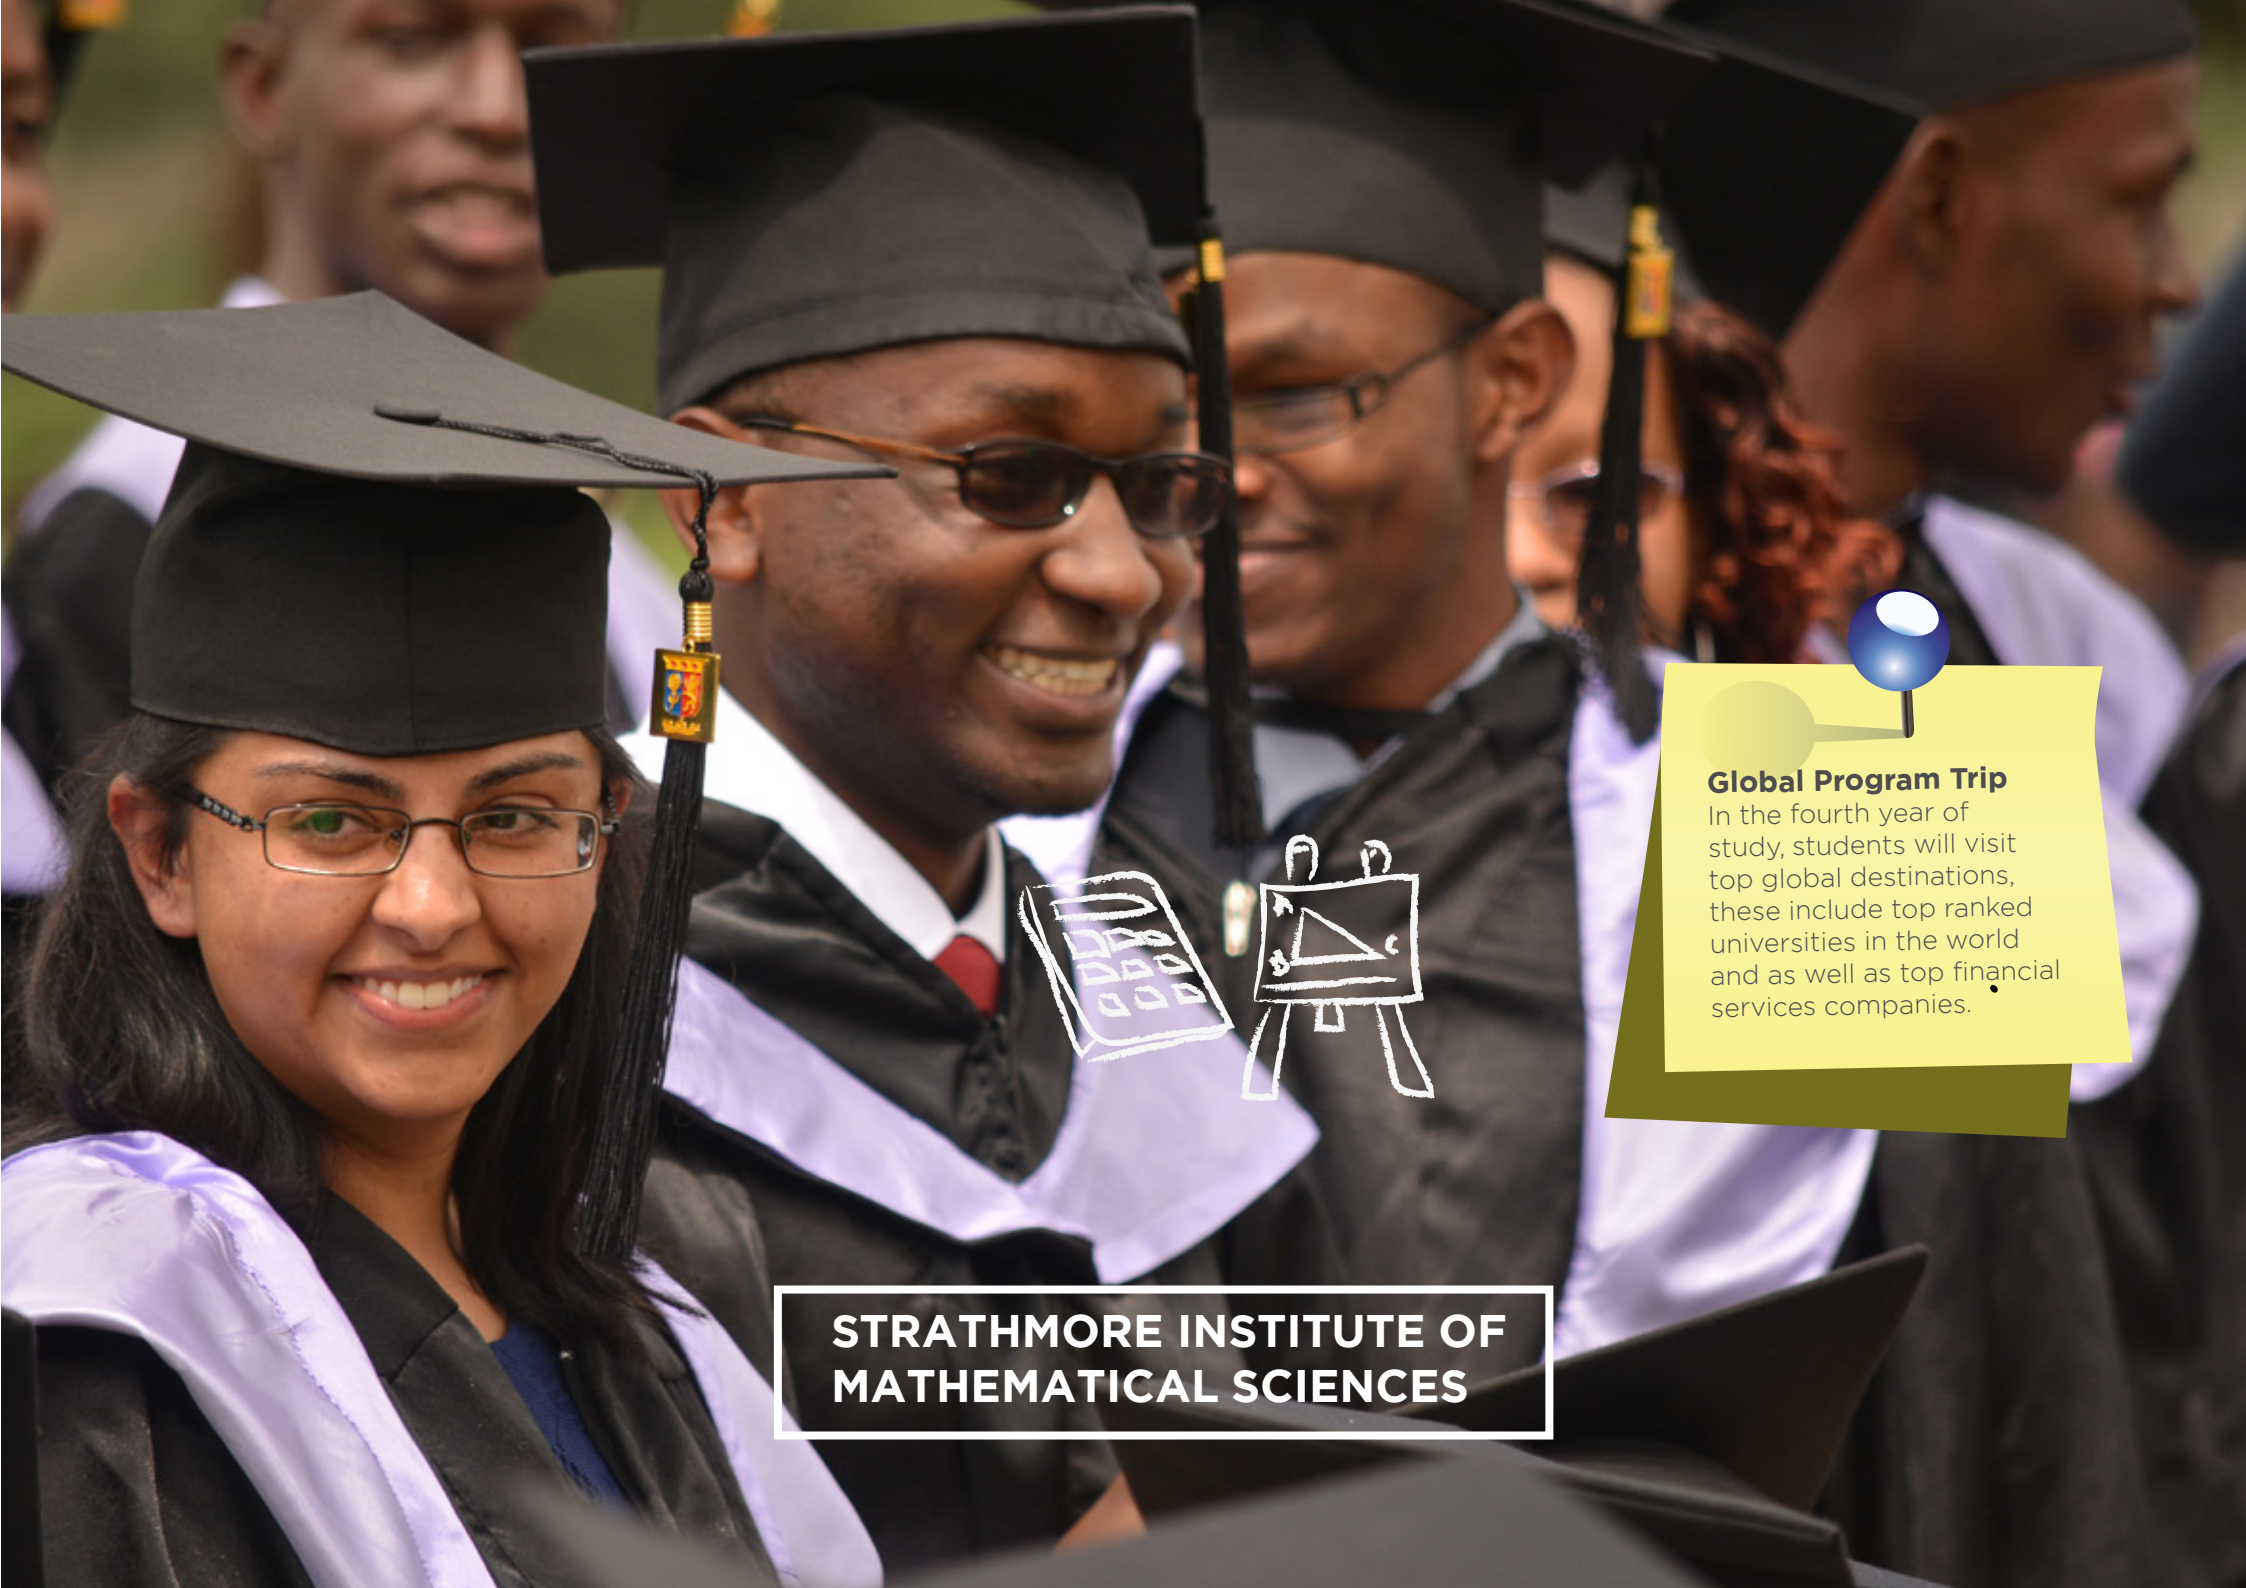

- Applied Learning Approach
- Close and active Industry interaction
- Specialized Financial and Actuarial software training

- Tuition from practicing actuaries in Kenya and around the globe

ENTRY Requirements

Applicants must meet the following requirement:

- KCSE minimum mean grade of B-
- O- Level six A's including Mathematics and English
- A-Level 2 principal passes and 1 subsidiary pass
- IB minimum of overall points with grade 5 and above in English and Mathematics
- A distinction in the Strathmore Entrance Exam
- Proven leadership skills in school & community and outstanding performance in extra-curricular activities are an added advantage.
- All candidates meeting the entry equipment are equipped to sit the University entrance examination in English and Mathematics and an oral interview. Interviews are held on Tuesdays and Thursdays at 8:00 am.
- Candidates are required to bring originals and copies of relevant academic certificates, 2 passport size photographs, a photocopy of birth certificates or National ID or passport and Ksh1, 800 entrance exam fee.
- Intake for the full time programme is in March and June.
- Intake for the evening programme is May and September.

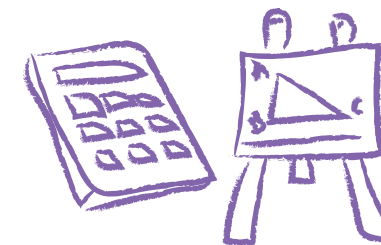

Global Program Trip

In the fourth year of study, students will visit top global destinations, these include top ranked universities in the world and as well as top financial services companies.

**STRATHMORE INSTITUTE OF
MATHEMATICAL SCIENCES**

STRATHMORE INSTITUTE OF MATHEMATICAL SCIENCESx

Intake for the evening programme is May and September.

**SCHOOL OF MANAGEMENT
AND COMMERCE**

SCHOOL OF MANAGEMENT AND COMMERCE

Bachelor of Commerce

The Bachelor of Commerce course is structured to reflect the changing world of commerce and to provide a firm foundation for the world of work, including the necessary skills, ethical principles and general knowledge needed for decision-making in a business environment.

CAREERS

Students can choose an area of specialisation in any one of the six areas: Accounting; Finance; Human Resource; Marketing; Entrepreneurship; Management Science.

Accounting Option

This option equips students with the necessary skills to support managers in decision making, controlling and planning. Students learn how to use accounting information to communicate clearly and effectively and are equipped with the practical skills to work in financial accounting, management accounting, auditing and taxation.

Finance Option

This option covers each of the major areas of modern finance and thus covers issues such as: funds management, risk management, corporate finance and financial instruments and valuation. The students may be employed in investment management firms, in the financial sector and in the finance departments of large corporations.

Marketing Option

The option provides students with the insights needed to identify marketing opportunities and develop appropriate strategies to put them into action. It is designed for students who are interested in pursuing a

career in marketing, advertising, business marketing, consulting, entrepreneurship, retailing, sales management, marketing research and/or public relations.

Entrepreneurship Option

This option trains students in all the essential attributes of an entrepreneur and the stages of taking the seed of an idea and growing it into a successful business. This specialization prepares students to identify good business opportunities and to create, communicate and capture value from these opportunities.

Management Science Option

This option provides learners with training on traditional and emerging operations strategies, concepts, models and techniques essential to survival of firms in today's competitive market. It covers various areas including: operations management, supply chain management, transportation and logistics management, project

management, decision analysis, and mathematical modeling and optimization.

Human Resource Option

This option provide students with the knowledge to recruit, select, train, evaluate and compensate employees. Students learn how changes in the workplace, such as governmental regulations, global competition, developing technologies and organizational transformations, influence the performance and productivity of workers.

WHY SMC?

- International student experience
- Industry linkages
- Practical entrepreneurship programme
- Partnerships with international professional bodies and universities
- International guest lecturers

A photograph of the Sir Thomas More Building, a modern structure with three vertical glass facades reflecting the sky and clouds. The building is constructed with light-colored brickwork between the glass sections. A red banner with white text is overlaid on the right side of the image. The ground floor features a glass entrance with brick pillars.

STRATHMORE LAW SCHOOL

Sir Thomas More Building

STRATHMORE LAW SCHOOL

Bachelor of laws

SLS aims at training excellent lawyers; critical thinkers who are able to grasp a better understanding of justice.

Our curriculum merges core subjects in legal theory and practice with courses on ethics and humanities making the student an agent of change in East Africa and beyond. We are determined to achieve legal excellence in the quest for justice.

SLS FACTS

Lecturer/student ratio 1:15

Textbook/student ratio 1:6

Personal mentor/student ratio 1:10

Professional coach/student ratio 1:10

We provide a student coaching system run by experienced and reputable members of the legal fraternity. The students will be coached throughout their professional development thus bridging the gap between learning and practice.

WHAT MAKES SLS DIFFERENT

- High Quality Standards: Top scholars and qualified practitioners, modern U-shape

classrooms with e-facilities, access to the best e-journals, and an adequate class size will ensure the best lecturer/student ratio and personal contact and follow-up.

- Practical Learning: Legal research centers and clinics have been established within. We work closely with local and international law firms of high repute to place students for job placements, internships and attachments.

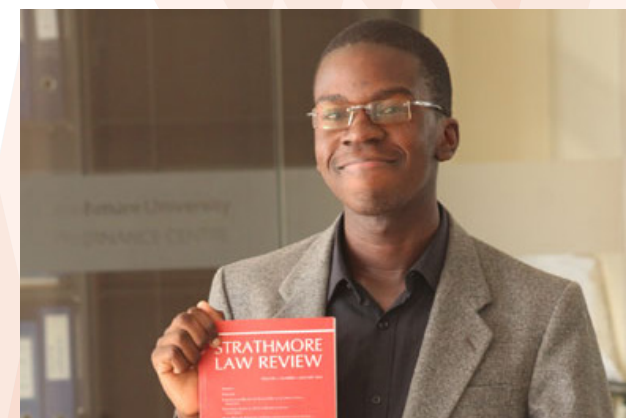

- Visiting professors drawn from some of the most prestigious law schools in the world.

- Laptop Policy: Every student is given a new laptop upon registration. This allows all students to access the e-resources and on-line journals, thus becoming a new "e-legal generation".

- Academic Trip Abroad: Students of the Law School get a chance to participate in an academic trip to Europe that exposes them to various international legal

institutions, other prestigious law schools and gives them a chance to interact with senior international legal practitioners e.g. judges, prosecutors, defense lawyers etc.

- International language: Our curriculum includes a foreign language. Students can choose to study any of the following foreign language: French, German, Japanese, Spanish and Chinese.
- A wide choice of elective subjects for specialization and thorough in-depth training.

Editor-in-Chief Strathmore Law Review, Cecil Yongo (Law School Student)

21 year old Cecil Yongo Abung'u, loves all things academic and is set to produce the best of all he has to offer to legal academia. The middle born in a family of three boys has already accomplished great strides in his university journey. He is the Editor-in-Chief of the Strathmore Law Review that was officially launched in February 2016, set to contribute to different legal aspects in the world.

A photograph of three students on a balcony. On the left, a young man with glasses and a blue shirt is smiling. In the center, a young woman with long braids and a black top is looking towards the camera. On the right, a young woman with glasses and a floral shirt is smiling. They are standing behind a metal railing. The background shows a red building with large windows.

STRATHMORE LAW SCHOOL
