Human Resource Officer
Ms. Ronah Arinanye Tugume

Senior Accountant
CPA Ssekitto Baker

UTAMU offers a wide variety of high quality under graduate degree programs whose curricula have been carefully and developed to address the needs of the world today.

SCHOOL OF COMPUTING & ENGINEERING PROGRAMS

- Bachelor of Business Computing
- Bachelor of Information Science
- Bachelor of Science in Computer Science
- Bachelor of Science in Software Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Information Systems and Technology
- Bachelor of Science in Computer Security and Forensics
- Bachelor of Science in Mobile Computing and Communications

SCHOOL OF BUSINESS & MANAGEMENT PROGRAMS

- Bachelor of Arts in Economics
- Bachelor of Science in Economics
- Bachelor of Science in Statistics
- Bachelors of Business Administration
- Bachelor of Oil and Gas Management
- Bachelor of Human Resource Management
- Bachelor of Arts in Development Economics
- Bachelor of Science in Quantitative Economics
- Bachelor of Project Planning and Management
- Bachelor of Science in Accounting and Finance
- Bachelor of Public Administration and Management
- Bachelor of Mass Communication and Journalism
- Bachelor of Procurement and Supply Chain Management

Name of program: Bachelor of Information Science

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,200,000
Mode: dual mode (online and local support)

Admission Requirements

Students will be admitted to the Bachelor of Information Science degree program through three avenues: Direct Entry, Mature Entry and Diploma Entry Schemes.

Direct Entry:

Candidates seeking admission through the direct entry scheme require at least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE) (UACE).

Diploma Entry

- At least a second class (lower division) Diploma in Information Science, Library Science, Records Management, Computer Science, Engineering ,Statistics, Information Technology or a related field from any recognized Institution.
- At least one principal and two subsidiaries passes at the same sitting in UACE.

Mature Age Entry Scheme

For admission under mature age, a candidate must at least:-
- Be 25 years old at the time of application
- Have Uganda Certificate of Education of at least 3 year standing item
- Have passed the university mature age entry examinations.

Description of Program

This course offers training focused on the use of information technology and the processing of information products. It is designed to train students in the management, retrieval, packaging and distributing organization of information. This program seeks to produce graduates who will be able to collect, process, store, retrieve and make available information necessary for the business growth of the organization so as to improve utility and effectiveness in organizations. The Bachelor of Information Science aims at developing high quality human resources who can fully maximize the utility of information in organizations.

Name of program: Bachelor of Science in Computer Engineering

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,200,000
Mode: dual mode (online and local support)

Admission requirements:

Students will be admitted to the Bachelor of Information Science degree program through three avenues: Direct Entry, Mature Entry and Diploma Entry Schemes

Direct Entry
- A principal pass in Mathematics.
- At least two principal passes at the same sitting in Uganda Advanced Certificate of Education (UACE) of which one of them MUST be in Mathematics

Diploma Entry:
Applicants applying on the diploma scheme should full the following requirements;
- At least a 2nd class (Lower division) Diploma in Computer Science, Engineering, Statistics or any other diploma with either Mathematics or Computer Science, as one of the subjects from any recognized Institution.
- Have obtained at least one subsidiary pass in Mathematics in UACE
- Have obtained at least one principal pass and two subsidiary passes at same sitting in UACE.

Mature Age Entry Scheme:
For admission under the Mature Age Entry Scheme, a candidate must have sat and passed the university mature age entry examinations from a recognized center. To sit for university mature age, the candidate must have age of at least 25 years and must have completed Uganda Certicate of Education (UCE) or its equivalent at least 3 years earlier. The candidate must possess at least a Credit in Mathematics at UCE.

Brief description of the program:
The course focuses on areas of hardware, data communications and software engineering. This program blends theory and practice into a learning experience that develops skills applicable to complex real-world problems in the field of computer engineering. Students study the design of digital hardware and software including communications systems, computers and devices.

Name of program: Bachelor of Science in Software Engineering

Duration of the program: 3years
Tuition fees per semester (UGX): 1,200,000
Admission requirements:

Direct Entry

1. At least two principal passes at the same sitting in Uganda Advanced Certificate of Education (UACE) or its equivalent
2. At least one subsidiary pass in Mathematics in UACE

Diploma Entry

1. At least 2nd class (lower division) Diploma in Computer Science, Engineering, Statistics, Information Technology, Information Systems, Software Engineering or any other diploma with either Mathematics or Computer Science, as one of the subjects from any recognized Institution.
2. At least one subsidiary pass in Mathematics in UACE

CCNA

1. Cisco Certified Network Associate (CCNA) Certificate from a recognized institution
2. At least one principal pass and two subsidiary passes at the same sitting in UACE
3. At least one subsidiary pass in Mathematics in UACE

Description of the program:

This program is designed to build human capacity in the Software engineering discipline in the region so as to accelerate the development of innovations in information technology that will address human challenges. Uganda is in dire need of software systems for they are the cornerstones of business operations. This course will enable students to tap into the global market through development of apps and modern software.

Software engineers are engaged in analyzing user needs and designing, constructing, testing, and maintaining computer applications software or systems. An individual with such software engineering skills has a wide range of secure and financially rewarding careers awaiting across the global. Some of these careers include; Software developer, Software engineers, Data processing manager, Software QA Engineer, IT Consultant, Internet engineer, Systems analyst among others.

Name of program: Bachelor of Information Systems and Technology

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,200,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry: At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE).

Diploma Entry:

At least 2nd Class (Lower division) diploma in Computer Science, IT, Engineering, Statistics or related field from any recognized institution.

CCNA

1. CCNA Certificate from a recognized institution.
2. At least one principal pass and two subsidiary passes at the same sitting in UACE
3. At least one subsidiary pass in Mathematics in UACE

Description of the program:

The program seeks to develop high quality human resources for the public and private sectors so as to maximize the utility of ICTs in organizations. It equips students with skills in leveraging ICT to improve organizations' planning and managing IT systems and networks, designing, implementing and troubleshooting ICT based systems.

Career options to graduates include; ICT Managers, Cloud Based Systems Managers, Web Application Developers, Network Administrators, Website and Graphic Designers and other IT careers. This course has two options under which students can major depending on their interests.

Name of program: Bachelor of Science in Computer Security & Forensics

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,200,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry:
- At least two principal passes at the same sitting in Uganda Advanced Certificate of Education(UACE) or its equivalent
- At least one subsidiary pass in Mathematics in UACE

Diploma Entry

- At least a second class (Lower division) Diploma in Computer Science, Engineering, Statistics, Information Technology, Information Systems or related field from any recognizedInstitution.
- At least one subsidiary pass in Mathematics in UACE

CCNA

- Cisco Certified Network Associate (CCNA) Certificate from a recognized institution
- At least one principal pass and two subsidiary passes at the same sitting in UACE
- At least one subsidiary pass in Mathematics in UACE

Description of the program:

This program is designed to offer a unique learning experience particularly in the field of computer security. It's the first of its kind in Uganda and it will facilitate graduates to improve the computer security systems of different organizations in Uganda and beyond.

Name of program: Bachelor of Science in Mobile Computing and Communications

Duration of program: 3 years
Tuition fees per semester (UGX): 1,200,000
Admission requirements:

Direct Entry Scheme
Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)
- At least one subsidiary pass in Mathematics in Uganda Advanced Certificate of Education (UACE).

Diploma Holders Scheme
- Applicants should possess at least a second class (lower division) Diploma in Computer Science, Engineering, Statistics, Information Technology, Information Systems or related field from any recognized Institution.
- At least one principal pass and two subsidiary passes at same sitting in Uganda Advanced Certificate of Education (UACE).
- At least one subsidiary pass in Mathematics in UACE.

Mature age scheme:
For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized center. To sit for university mature age, the candidate must have age of at least 25 years.

Description of the program:
Computing Technology is continually evolving and one major trend in this evolution is towards Mobile Computing. The convergence of communication and computing technologies has resulted in powerful and sophisticated mobile services.
The Bachelor of Science in Mobile Computing and Communications program offered by UTAMU is purposed to equip the students with both traditional and cutting edge skills in Mobile Computing and Communications, so that they can be able to be innovative and develop mobile applications and understand the technical challenges posed by current mobile devices and wireless communications and evaluate and select appropriate solutions according to user requirements. The graduates of this program are taught to become innovators as well as entrepreneurs.

Name of the program: Bachelor of Business Computing

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,200,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry Scheme
Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)
- At least one subsidiary pass in Mathematics in Uganda Advanced Certificate of Education (UACE).

Diploma Holders Scheme
- Applicants should possess at least a second class (lower division) Diploma in Computer Science, Engineering, Statistics, Information Technology, Information Systems or related field from any recognized Institution.
- At least one principal pass and two subsidiary passes at same sitting in Uganda Advanced Certificate of Education (UACE).
- At least one subsidiary pass in Mathematics in UACE.

Mature age scheme:
For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized center. To sit for university mature age, the candidate must have age of at least 25 years.

Brief Description about the program:

Name of program: Bachelor of Arts in Economics (BA Econ)

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements;

Direct Entry

At least a principal pass in Economics and two subsidiary passes at the same sitting in UACE

Diploma Entry

1. At least 2nd Class (Lower division) Diploma in Science, Business Administration, IT, Statistics, Economics, Library Studies, or related field from any recognized Institution.

CCNA

CCNA Certificate from a recognized institution

Description of the program:

With globalization and given the current economic woes the world over, a critical mass of highly qualified economists is essential for any nation's development.

The Bachelor of Arts in Economics program therefore is designed to develop a highly skilled human resource in the general area of economics. Specifically, it is intended to produce graduates with knowledge and problem solving skills to study and develop solutions for local and regional economic problems. It offers a unique approach to the study of economics that creates a blend of economics and human behavioral approaches.

Name of program: Bachelor of Science in Economics

Duration of program: 3 years
Tuition fees per semester (UGX): 1,150,000
Mode: dual mode (online and local support)

Admission requirements;

Direct Entry

1. At least two principal passes at the same sitting in UACE of which one must be in Economics.
2. At least one subsidiary pass in Mathematics

Diploma Entry

1. At least 2nd class lower division in Business Administration, Management, IT, Statistics, Development Economics, Library Studies or a related field.
2. Adequate understanding of Math either by the results of A-Level (at least a subsidiary pass) or by performance of mathematical courses in the diploma program.

CCNA

1. Cisco Certified Network Associate (CCNA) Certificate from a recognized institution
2. At least one principal pass in Economics and two subsidiary passes at the same sitting in UACE

At least one subsidiary pass in Mathematics in UACE

Description of the program:

The Bachelor of Science in Economics program is designed for students who want to pursue a career as Economists in academia, industry, finance or government. It equips students with analytical skills to tackle the complexities of the modern world through economic analysis, modeling, monitoring and planning for both public and private organizations. They will also deal with logical analysis of social and individual decision making. Career options to graduates include; Accountants, Tax Advisers, Actuarial Work, Insurance and Trading, etc.

Name of program: Bachelor of Science in Statistics

Duration of program: 3 years
Tuition fees per semester (UGX): 1,150,000
Mode: dual mode (online and local support)

Admission Requirements:

1. At least two principal passes at the same sitting in UACE of which one must be in Economics.
2. At least one subsidiary pass in Mathematics

Diploma Entry

1. At least 2nd class lower division in Business Administration, Management, IT, Statistics, Development Economics, Library Studies or a related field.
2. Adequate understanding of Math either by the results of A-Level (at least a subsidiary pass) orby performance of mathematical courses in the diploma program.

CCNA

1. Cisco Certified Network Associate (CCNA) Certificate from a recognized institution
2. At least one principal pass in Economics and two subsidiary passes at the same sitting in UACE
At least one subsidiary pass in Mathematics in UACE

Description of program:

The B.Sc. Statistics is designed to equip students with skills to collect, analyze and make deductions from statistical data so as to inform organizations and government of the actual trend to base on when making decisions or policies.
The course provides a rich blend of competencies required by a 21st century statistians like mathematics, computing, economics, accounting, research and communication. Graduates of this program acquire skills in handling specific aspects of statistics like demography, actuarial studies, insurance analytics, business and economic trends.

Name of program: Bachelors of Business Administration (BBA)

Duration of the program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry

At least two principal passes in UACE or its equivalent at the same sitting

Diploma Entry

At least 2nd class lower division in Business Administration, Management, IT, Statistics, Development Economics, Library Studies or a related field.

CCNA

1. Cisco Certified Network Associate (CCNA) Certificate from a recognized institution
At least one principal pass and two subsidiary passes at the same sitting in UACE

Description of the program:

The Bachelor of Business Administration program is a unique blend of different disciplines from which a student can select one of four specialized options including; Finance and Accounting, Entrepreneurship and Business Promotion, Public/Social Sector Management and Human Resources and Organizational Development.
The resulting graduate has a general feel of all the options and specialization in one particular option. Career options for this kind of graduate are thus diverse spanning from Business Managers, Bankers, to Human Resource Managers and Entrepreneurs.

Name of program: Bachelor of Oil and Gas Management

Duration of program (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry
Candidates seeking admission through the direct entry shall require the following:

- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)
- At least five passes at the same seating in Uganda Certificate of Education (UCE)

Diploma Entry

- Applicants should possess at least a 2nd class (Lower division) Diploma in Science, Business Administration, IT, Statistics, Public Administration, Law, Finance, Economics or any other related field from a recognized institution
- At least five passes at the same seating in Uganda Certificate of Education (UCE)

Mature Age Entry Scheme

For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized center. To sit for university mature age, the candidate must have age of at least 25 years. The pass mark shall be 50%

Description of the program:

The Bachelor's Degree program in Oil and Gas Management is intended to offer students appropriate business and leadership knowledge, skills and competencies required for the efficient functioning of the oil and gas industry. This course is designed for students who are interested in pursuing a career in oil and gas management. The students will be taken through comparative cases in managing this resource which will sharpen their management proficiency.

Name of program: Bachelor of Human Resource Management (BHRM)

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements
Direct Entry

Candidates seeking admission through the direct entry shall require the following:
1. At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE).
2. At least five passes at the same seating in Uganda Certificate of Education (UCE)

Diploma Entry

1. At least a 2nd class (Lower division) in related fields from a recognized institution.
2. At least one principal pass and two subsidiary passes at same sitting in Uganda Advance Certificate of Education (UACE) (UACE)
3. At least five passes at the same seating in Uganda Certificate of Education (UCE)

Mature Age Entry Scheme

For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized Centre. To sit for university mature age, the candidate must have age of at least 25 years

Description of the program:

The Bachelor's in Human Resource Management program is intended to prepare 21st century graduates with exceptional, knowledge, skills and competencies in human resource management. The graduates will be equipped with the ability to identify, analyze, and solve complex human resource and management issues for changing organizations. It is designed within the context of the National Development plan of Uganda (launched in April 2010) and Vision 2040 Launched in 2013.

Name of program: Bachelor of Arts in Development Economics

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry

Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)
- At least five passes at the same seating in Uganda Certificate of Education (UCE)

Diploma Entry

Applicants applying on the diploma scheme should fulfill the following requirements;
- At least a 2nd class (Lower division) Diploma in Science, Business Administration, IT, Statistics, public administration, law, finance, Economics or any other related field.
- At least one principal pass and two subsidiary passes at same sitting in Uganda Advanced Certificate of Education (UACE)
- At least five passes at the same seating in Uganda Certificate of Education (UCE)

Mature Age Entry Scheme

For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized Centre as provided by NCHE. To sit for university mature age, the candidate must have age of at least 25 years

Description of the program:

This program focuses on training the world's development economic decision makers and managers of the future. It provides broad intellectual training in foundations of knowledge of how the economy works and offers relevant skills for the constructive use of that knowledge. It is designed to generate a body of human resource equipped with skills to identify, analyze, formulate, implement, monitor and evaluate development issues affecting society. The course facilitates students with a range of skills to deal with development problems and challenges.

Name of program: Bachelor of Science in Quantitative Economics

Duration of program: 3 years
Tuition fees per semester (UGX): 1,150,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry

Candidates seeking admission through the direct entry shall require the following:-
• At least two principal passes at the same sitting in Uganda Advanced Certificate of Education (UACE) of which one must be in Economics.
• The candidate must have at least one subsidiary pass Mathematics in UACE.

Diploma Entry

• Applicants should possess at least a second class (lower division) Diploma in Science, Business Administration, Information Technology, Engineering, Statistics or related field from a recognized institution.
• At least a principal pass in Economics and two subsidiary passes in UACE at the same sitting.
• At least a subsidiary pass in Mathematics in UACE.

Mature Age Entry Scheme

For admission under mature age, a candidate must have passed the university mature age entry examinations. To sit for university mature age, the candidate must have age of at least 25 years and must have completed UCE at least 3 years earlier.

Description of the program:

This degree course is designed for students who want to acquire knowledge about tools and techniques of Economic variables, how to collect and analyze economic data and apply it to explain social, economic and health dynamics among others. The program focuses on training the world's development economic decision makers and managers of the future. This program provides a thorough training in specific areas of economics, mathematics, statistics and computing and also enhances statistical/economic analytical techniques of personnel in the business and private sector.

Name of program: Bachelor of Project Planning and Management

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:

Direct Entry Scheme

Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)

Diploma Holders Scheme

- Applicants should possess at least a lower division in Science, Business Administration, IT, Statistics, Economics or related field.
- At least one principal pass and two subsidiary passes at same sitting in Uganda Advance Certificate of Education (UACE)

Mature age scheme

for admission under mature age, a candidate must have passed university mature age entry examinations from an institution recognized by NCHE. To sit for university mature age, the candidate must be at least 25 years of age and must have completed UCE at least 3 years earlier.

Description of the program:

Bachelor of Project Planning and Management is designed for students who want to learn the tools and techniques of planning and managing projects across a range of sectors. This degree course is designed to prepare students to plan, coordinate, lead and generally manage projects in various sectors to success. By blending business and leadership principles with project management strategies and skills, this degree will enable students build the required competencies to succeed. Project management knowledge is essential to the successful planning, development and delivery of projects.

Name of program: Bachelor of Science in Accounting and Finance

Duration of program: 3 years
Tuition fees per semester (UGX): 1,150,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry Scheme

Candidates seeking admission through the direct entry shall require the following:
- At least two (2) principal passes at the same sitting in Uganda Advanced Certificate of Education (UACE) or its equivalent of which one MUST be in Economics.

Diploma Holders Scheme

- At least a Second Class Lower Division Diploma in Science, Business, Computer Science, Information Technology, Accounting, Finance, Statistics, Economics or related field.
- At least a principal pass and two subsidiary passes in Uganda Advanced Certificate of Education (UACE) or its equivalent at the same sitting.

Mature age scheme

for admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized Institution. To sit for university mature age, the candidate must be aged 25 years and above.

Description of the program;

The Bachelor of Science in Accounting and Finance has been developed to train highly skilled and modern Accounting and Finance specialists. The program, which is the first of its kind in the region, is blended with the Association of Certified Chartered Accountants (ACCA) and Uganda Institute of Bankers Professional Bankers' Certificate curricula. This is intended to produce unique, shrewd, analytical and widely knowledgeable graduates who will have the capacity to solve large complex accounting and financial problems and demonstrate a sound understanding of the broader business environment.

Name of program: Bachelor of Public Administration and Management

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry Scheme

Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at the same seating in the Uganda Advanced Certificate of Education (UACE) or its equivalent.

Diploma Holders Scheme

- One will be admitted to the Bachelor of Public Administration and Management Program if she/he has at least a 2nd class (Lower division) Diploma in Public Administration or a related field from any recognized Institution.
- At least one principal pass and two subsidiary passes at the same sitting in UACE.

Mature age scheme

For admission under mature age, a candidate must have sat and passed the university mature age entry examinations from a recognized Centre. To sit for university mature age, the candidate must have age of at least 25 years

Description of the program:

The Bachelor of Public Administration and Management program is a unique blend of different disciplines from which a student can select one of three specialized options including; Local Government, Health Administration and Public Finance.
The Bachelor Public Administration and Management curriculum has been designed to equip students with skills specifically required to manage the civil service, ethics and values that guide the conduct of public affairs at all levels. This program is enriched to enable scholars to develop and improve the Public Administration and Management system in Uganda by addressing the dynamic and constantly changing environment.

Name of program: Bachelor of Mass Communication and Journalism

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry

- The Uganda Certificate of Education (O' level) or an equivalent qualification with at least 5 passes obtained at the same sitting.
- At least 2 principal passes at the same sitting of the Uganda Advanced Certificate of Education Examination (A' Level) or an equivalent qualification.

Diploma Entry

- To qualify for admission under this scheme, a candidate must possess at least a 2nd class (Lower division) diploma in the fields of journalism, media, communication or any field from a recognized institution.
- The candidate must be holder of a Uganda Certificate of Education (UCE) with at least 5 passes obtained at the same sitting.
- The candidate must be a holder of Uganda Advanced Certificate of Education (UACE) with at least one principal pass and two subsidiary passes at same sitting in Uganda Advanced Certificate of Education (UACE).

Mature Age Entry Scheme

For admission under the Mature Age Entry Scheme, a candidate must possess specialized knowledge relevant to journalism and mass communication to ensure satisfactory completion of the course. In addition the candidate must fulfil the Mature Age Entrance requirements of the University.

Description of the program:

This program is intended to train professional journalists and communicators who have the requisite skills not only in the broad areas of journalism and mass communication but are also ICT savvy and well-grounded in issues of economics and development. It targets those interested in the study of both print and broadcast journalism, business journalism, science journalism, new media, mass communication, public relations, advertising, integrated marketing communication and strategic communication. It also targets practitioners who are interested in improving their knowledge and skills to enhance their professional

Name of program: Bachelor of Procurement and Supply Chain Management

Duration of program: 3 years
Tuition fees per semester (UGX): 1,100,000
Mode: dual mode (online and local support)

Admission requirements:
Direct Entry Scheme

Candidates seeking admission through the direct entry shall require the following:
- At least two principal passes at same sitting in Uganda Advanced Certificate of Education (UACE)

Diploma Holders Scheme

- At least 2nd class (Lower division) diploma in Science, Business Administration, IT, Statistics, Economics or related field from any recognized Institution.
- At least one principal pass and two subsidiary passes at same sitting in Uganda Advanced Certificate of Education (UACE)

Mature age scheme

for admission under mature age, a candidate must have passed university mature age entry examinations from an institution recognized by NCHE. To sit for university mature age, the candidate must be at least 25 years of age and must have completed UCE at least 3 years earlier.

Description of the program:

This program prepares students to tackle business problems in the global market place and understand the complex world of logistics, supply chain and procurement industries within a continuously globalized and changing environment.
Bachelor of Procurement and Supply Chain Management has been blended with technology and management and graduates of this program will be able to get exemptions once they enroll for professional courses in procurement and supplies like the Chartered Institute of Purchasing and Supply (UK).
