THE UNIVERSITY’S VISION

The University of Fort Hare is a vibrant, equitable and sustainable African university, committed to teaching and research excellence at the service of its students, scholars and wider community.

MISSION STATEMENT

The mission of the University of Fort Hare is to provide high quality education of international standard contributing to the advancement of knowledge that is socially and ethically relevant, and applying that knowledge to the scientific, technological and socio-economic development of our nation and the wider world.
HERALDIC DESCRIPTION

The coat of arms consists of a Per Fess (divided) short shield coloured with azure (blue) and sable (black). The shield is charged (decorated) with a rising sun and an open Bible. The Bible contains the text ‘in lumine tuo videbimuslumen’.

The rising sun depicts Glory, Splendour and the Fountain of Life. The open Bible shows Manifest Glory. The text taken from Psalm 36 verse 10, from the Vulgate edition of the Latin Bible, may be translated as: “In thy light shall we see light.”

MESSAGE FROM THE VICE-CHANCELLOR

This is going to be a highly productive year at the University of Fort Hare. In many ways, we are a University under construction, in the literal as well as the figurative sense. We will be working towards realising our aspirations, as set out in our strategic plan, putting up bricks and mortar structures but also crafting institutions, practices and values to structure and support us on our journey.

Foundational to this project of ours is improving the experience of our staff and students, through improvements to our systems, upgrades to our facilities, positive changes to the ways we interact with each and the cultivation of an ethos and culture of high expectations, ethical conduct, and mutual respect.

We will be building on the excellent output of 2018, which, the many challenges notwithstanding, signals that we are a University that means business. Last year we graduated 153 PhDs. This is a remarkable achievement and a significant contribution to the national and continental skills trust. This has been possible only because of an ongoing commitment to growing the depth and breadth of our research. We can see the results, not only in the number of research outputs, but also in the acclaim bestowed upon our most talented researchers, emerging as well as established. We now have 25 rated scholars in our midst. Identifying and growing our research niche areas and ensuring that the quality of our research keeps improving alongside ongoing engagement with the most critical challenges of our era are really important factors that will shape our long-term trajectory.

The University has been growing over the last few years, despite the limits of our infrastructure. This does require a cautious and planned approach to future growth, as outlined in our enrolment plan, which we need to submit to DHET in March. Yet, we are very pleased nonetheless that much of the substantive growth over the last few years has been in our postgraduate student numbers. A strong postgraduate student cohort is a prerequisite for a university that values research and for which knowledge production is a key aim.

The number of partnership agreements we are entering is expanding and these cut across all segments of society, including key role-players in all sectors. In the Eastern Cape, we have strong and durable partnerships with municipalities, provincial government, traditional authorities, metropolitan councils, SETAS, and research entities. These dense partnerships ground us in place and context and provide us with many resources and social capital without which we would have been impoverished. We have to thank Raymond Mhlaba municipality for the considerable work they have put in to revitalise Alice and we are looking forward to closer cooperation with Buffalo City Metropolitan Municipality on spatial planning in relation to our East London campus.

We are incredibly proud of the state-of-the-art Phyllis Ntantala Collaborative Library in East London, which was formally opened by Minister Naledi Pandor in October last year. Not only are we collaborating more closely with our two partners – the University of South Africa (Unisa) and Walter Sisulu University (WSU) – but we are also changing the look and feel of our campus and the experience of our students in East London. We have been awarded DHET funding for a student Centre in East London. We will keep staff and students informed on how this project is unfolding.

In Alice, we will kick-off of the year with the construction of Phase Two of the Alice Student Village. The duration of the project will be two years. Decent and
dignified student housing provides for an environment in which grit, self-respect and curiosity can flourish. These are the qualities we like to see in our students. We will also be focusing on securing the necessary funding to upgrade and extend the Alice Library – which is one of the Chancellor’s Projects. At the same time we are finalising a spatial planning framework for Alice, which will be submitted to Council in March.
Our lecture venues, offices and laboratories have been in a state of emergency for years. We will roll out the deferred maintenance project in 2019, which will encompass the main campus in Alice as well as the East London and Bhisho campuses. Undoubtedly, all this construction will be disruptive and messy, but I hope it will also imbue all of us with new energy and commitment.

Last year we conducted an extensive and University-wide governance review. This year will see the systematic implementation of the findings of the governance review, to improve our compliance and accountability and to strengthen the structures and systems that need to be in place to protect our integrity. Linked to improved governance is the need to focus on improving our performance management system in order to give expression to the Council-adopted consequences framework. Framing all of this is the need for principled and ethical leadership at all levels of the institution.

I want to commit myself and senior management in particular to a zero tolerance approach to sexual harassment, rape and other forms of gender-based violence. We will continue to improve our record in terms of our responsiveness and support for victims of rape, gender-based violence and sexual harassment. We have a firm commitment to revise our rules, improve our processes, and put policies in place to root out the destructive culture that enables GBV and to improve on follow-through and consequences for those guilty of these offences.

The University of Fort Hare has an unusual and irreplaceable location in the history of ideas and the development of higher education institutions on the continent. We have a very important responsibility in the way we keep this history alive and define ourselves in the present era. Anchored in place and context, with an irrepressible outward-looking orientation, we are very much a part of re-building society, taking care of students for whom access to University is an immense opportunity and supporting them to excel.

Vice-Chancellor and Principal
CHARTER OF ETHICAL PRINCIPLES AND VALUES

In lumine tuo videbimus lumen
In Thy light we see light

Preamble

The University of Fort Hare recognizes that any institution or community is ultimately governed by norms, values and belief systems that reflect its distinctive identity, traditions and orientation. The university believes that knowledge is a positive force only if integrated with values and that it should provide a nurturing context of strong ethical norms and principles. In the absence of such values, knowledge could be a destructive force. This Charter therefore presents the crucial value-framework that defines the ethos of the University of Fort Hare. It guides the university’s vision, mission, corporate goals and strategic objectives. It serves as a reference point for all its academic and administrative policies, programmes and procedures and it binds the entire university community by shared ethical principles and values. The Charter is relevant to our rights and responsibilities, as Fort Harians, in relation to each other, the wider society and the environment. Ultimately, it seeks to inspire all people to live with nobility, dignity and an active conscience.

The University of Fort Hare will always be the crucible where many of the critical ideas of South Africa’s democracy, liberation, reconciliation and forgiveness germinated, developed and strengthened and it eventually reverberated throughout the country, the continent of Africa and around the globe. The Charter therefore naturally resonates with the principles and values that underlie the Freedom Charter, the South African Constitution and the Bill of Rights.

The Fort Hare Charter has grown out of an inclusive developmental process that involved the entire university community. It offers to all its members the ethical principles and values listed below, in order to guide us on our journey of discovery, exploration and realization of our intellectual and unique human potentialities. Without such ethical guidelines all teaching, learning, research and community service are of little value.

The University of Fort Hare Community is:

Inspired by the heritage of the university and the contribution it has made to leadership, liberation and service to humanity;

Accepting that the purposes of education include the realization of our humanity as well as our responsibility to self, family and community;

Recognizing that in the pursuit of truth and knowledge, the university, as an institution of higher learning, shall maintain in all that it does an unwavering focus on excellence;
Affirming that a crucial role of education is to instil in students respect, tolerance and social responsibility in an environment of academic freedom, dialogue, friendship and understanding.

The University of Fort Hare Community hereby accepts this Charter and commits itself to living by and promoting the principles and values listed below:

**PRINCIPLES AND VALUES**

To ensure that the universal values of justice, integrity, discipline, love, kindness, non-injury and concern for the wellbeing of others shall serve as a source of our thought, speech and action.

To respect and affirm the dignity, equality, freedom and rich cultural diversity of all human beings as the basis for peace and social justice.

To commit ourselves to the pursuit of truth, intellectual honesty, openness to ideas and excellence through the attainment of the highest professional and ethical standards in teaching, learning, research and community service.

To endorse and encourage the endeavour for academic success as being critically linked with the striving towards an ever-deepening expression of our humanity.

To uphold and honour the dignity of the university, to preserve its heritage, spirit and assets and to observe its statute, rules and regulations as well as the laws of the country.

To encourage an orientation of imaginative, collaborative, problem-solving and entrepreneurial thinking in addressing the challenges that we face.

As a staff member, to be a responsible, caring mentor in all our dealings with students and with each other.

To not discriminate, directly or indirectly, on the grounds of birth, race, colour, national, ethnic or social origin, gender, age, illness or disability, language, culture, political or other opinion, religion, conscience, belief, marital status, pregnancy or sexual orientation.

To be ever conscious of the need to develop a responsible relationship with the earth and to understand our critical role to protect and preserve it for future generations.

To undertake teaching and research that will responsibly harness the benefits of all the sciences for the well-being of humanity, being conscious of the harm inherent in the irresponsible use of knowledge.

FORT HARE PAST AND PRESENT

Many forces have interacted in the Eastern Cape. Incoming Afrikaners and British met with Xhosa speakers in the eighteenth century, and the long process of conflict, followed by the subordination and expropriation of the indigenous people, took place over more than one hundred years. An important British base at this time, named after a military officer at this time, and a small town of Alice grew near its environs.

The process of colonization and expropriation was paradoxical. Brutal military conquest, and integration of the population into the colonial economy, was accompanied by the spread of Christianity. The missionaries who carried the new ideas were themselves part of colonial expansion, but brought with them a creed which was taken by Africans and forged into a tool for grappling with the challenges of the colonial world. The South African Native College, later the University of Fort Hare, was, ironically, founded in 1916 on the site of the earlier British military stronghold. The college originated from the sometimes uneasy alliance between the new class of educated African Christians, supported by a number of traditional Southern African leaders, and early twentieth-century white liberals, many of them clergy.

The religious tradition at the heart of Fort Hare's origin, shared by blacks and whites alike, heralded 'plain living and high thinking', and a form of education that was undeniably Eurocentric. However, it did not make the assumption, central to the Bantu Education implemented in South Africa from the 1950's, that black Africans required or deserved a different, inferior education.

Thus, the University of Fort Hare produced graduates from South Africa and as far north as Kenya and Uganda, who knew they were as good as the best. Many went on to prominent careers in fields as diverse as politics, medicine, literature and art. Some politically active alumni like Oliver Tambo, Nelson Mandela, Govan Mbeki, Robert Sobukwe and Mangosuthu Buthelezi in South Africa, Robert Mugabe and Herbert Chitepo in Zimbabwe, and Elius Mathu and Charles Njonjo in Kenya, have impacted their nations. In the arts Fort Hare has released from South Africa, poet Dennis Brutus, Drum journalist Can Themba, sculptor and painter Ernest Mancoba and Xhosa author and scholar Archibald Campbell Jordan. The first black Zimbabwean medical doctor, Ticofa Samuel Parirenyatwa, and the historian, novelist and politician Stanlake Samkange were also among the many non-South Africans who spent formative years at Fort Hare.

Though Fort Hare operated in an environment of racial segregation even before apartheid, the college contained the seeds of a more tolerant South Africa. It was as racially inclusive as it could be at the time, with black, coloured and Indian students studying as one. It had men and women students from the beginning; its mainly white staff included black academics like ZK Matthews and DDT Jabavu and students' home languages ranged through Xhosa, Sotho, Zulu, Afrikaans and many others.

The takeover of the college in 1959-60 by the National Party government put an end to these achievements. Fort Hare was transformed into an ethnic college for Xhosa speakers. Outspoken staff members were expelled and a new administration, conspicuously loyal to the government and intent on imposing its world-view, was installed. The campus grew over the next three decades, and student numbers increased, but government interventions reduced Fort Hare to the level of ‘Bush Colleges' that were instituted in many homelands.
In a parody of true academic maturity, Fort Hare became in 1970, self-governing and 'independent'. With the creation of Ciskei in 1980, Fort Hare became the university of a microstate, recognized only by its fellow Bantustans and by South Africa’s minority government, a marked decline from its previous status as the greatest centre of black higher education in Southern and Eastern Africa.

The values and traditions of Fort Hare were embattled after 1960. The apartheid state made a determined attack upon the institution and did immense damage. However, some continuities of its unique and proud historical traditions of non-racism, critical debate and aspiration towards educational excellence were never eliminated and these are now being nurtured and developed.

The tradition of excellence survived, firstly, amongst the students and also among a small but growing number of progressive academics. Many rejected the attempt to turn Fort Hare into an ethnic institution, and from various directions – political, religious and cultural – people kept alive a spirit of opposition. In the 1960’s various African National Congress and Pan Africanist Congress aligned organizations emerged and were quickly suppressed. Subsequently, Fort Hare became a stronghold of the Black Consciousness oriented South African Students' Organisation. Later still, there were constant protests by students, brutally suppressed, against the Ciskei homeland regime.

The tradition survived through the affection and loyalty of people towards Fort Hare, and, when the opportunity arose after 1990 when the apartheid-era administration was expelled, many opted to work here. Supporters included Sibusiso Bengu, the first black Vice-chancellor of the new dispensation, later Minister of Education and subsequently the University Chancellor; Makhenkesi Stofile, the Minister of Sport and Recreation; and Sipho Pityana, Registrar in the early 1990’s. It survived in the creation of a new Pan-Africanism and internationalism, with students from Zimbabwe to Eritrea, and staff from all over Africa and the world flocking to its doors. Many came because they knew of Fort Hare’s historical reputation and wanted to contribute to its newfound opportunities towards renaissance. It survives in the remarkable archival records at Fort Hare, made up of the papers of the ANC and other liberation movements in exile. The archives of the university itself record an extraordinary and sustained educational achievement, forming a corporate memory now made accessible to scholars from all over the world.

This tradition survived notably in the university’s determination, under dynamic new leadership since 1999, to pull back from the brink of institutional collapse, to refute any misconceived national attempt at higher education rationalization that would cause it to fade away or disallow its distinctive voice to be heard. To contemporary Fort Harians, it is important to acknowledge, record and question its history, and to extract the most liberating, enriching and valuable elements from its history as building blocks towards a radically modernized institution. In the process the institution is building on the foundational strengths of its historical inheritance, geographical locations, stakeholder constituencies and committed workforce, and does not rely on a nostalgic invocation of previous glory.

The university is redefining its role as the producer and disseminator of new knowledge, particularly focusing on its central place in the reshaping of post-apartheid South Africa, and repositioning itself as the empowerment agent in the political, economic, cultural and social revolution that is unfolding in the subcontinent and beyond. Its curriculum and research agenda is being tuned to resonate with the contextual social renaissance, both by stimulating it and by responding to it. At the same time it is utterly conscious of the need to engage
and partner with the surrounding communities and region in a serving capacity and to extend into society at large through interesting new interconnections.
Following a decision by the Ministry of Education, the university has, since January 2004, been incorporating and integrating a new campus in the city of East London, formerly of Rhodes University, into UFH. This significant development in a new operating environment presents significant challenges as well as strategic opportunities for the calculated expansion of UFH into new markets, enabling it to play a stimulating and catalytic role in the development of the Buffalo City region. Hence it is strategically planning to grow and develop programmes in a much wider student market and is re-profiling Fort Hare across the three campuses in Alice, Bhisho and East London. As the backbone to a new academic system, five new Faculties were established in 2005-6. In 2017 Health Sciences was introduced as a sixth Faculty of the University. Over the next period significant expansion in the portfolio of academic and strategic programmes are foreseen.

The University of Fort Hare is indeed more determined than ever to build on its distinctive and illustrious past.

GENERAL RULES

The Higher Education Act (No 101, 1997), as amended and the Statute of the University (Government Gazette No 33808 of 2010) provide the general legal background for the operation of the University and the granting of qualifications. The General Rules which follow should be read in conjunction with these legal and statutory stipulations.

G. DEFINITION OF TERMS

1

In these rules, unless the context otherwise indicates:

1.1 “Admission” means approval to report for registration as a student at the University, irrespective of whether the person has previously been registered as a student.

1.2 “Assessment” means the evaluation of a student’s achievement of learning outcomes of a module;

1.3 “Attendance requirements” means rules in respect of which a candidate is subject to the requirements set out under 4.1, and for which a class mark of at least 50 percent must be obtained;

1.4 “Attendance module” means a module which a candidate must attend to complete the requirement of a programme, which requirements may include formative assessment but shall exclude summative assessment;

1.5 “Credits” determine the relative value of modules, where each credit represents 10 (ten) notional hours spent by a student towards completing the module;

1.6 “Dissertation” means the written work submitted in fulfilment or in partial fulfilment of the requirements set for obtaining a master’s degree and constituting 50 percent or more of such requirements;

1.7 “Duly performed (DP)” means the mark obtained by a candidate during a term or semester in a particular module in respect of assignments, class tests, class performance, practical work, and other forms of formative assessment for the module;

1.8 “Examination” means the act of examining a candidate’s knowledge by means of written, oral and practical tests, and also includes any ensuing supplementary or special or aegrotat examinations;

1.9 “Final mark” means the mark obtained at the end of each completed module, the composition and computation of which is determined by the rules for that particular programme;
1.10 “Main degree examinations” means examination administered by the University in May/June or November/December in each year, but does not include a supplementary examination.

1.11 “Mini-dissertation” is a dissertation of limited scope and comprises written work constituting no less than 33/3 % but no more than 50 % of the work for a master’s degree. A mini-dissertation may be treated as equivalent to a module, albeit with a substantially different credit weighting and without the requirement of a DP.

1.12 “Module” means a coherent, self-contained unit of learning, which is designed to achieve a set of specific learning outcomes (overarching competencies) that are assessed within that unit and allocated period of learning, and which is the smallest unit for which a final mark is entered in the student records;
1.13 “Occasional student” means any person who has registered for one or more modules at the University, but is not registered at the University as a candidate for a specific qualification or programme;

1.14 “Head of Department/Dean” means the administrative head of a unit offering the relevant programme or his/her delegate;

1.15 “Programme” means a structured set of learning outcomes which usually comprises a combination of modules to be completed to fulfil the requirements for a specific qualification or programme;

1.16 “Prospective student” means any person who intends to study at the University and is applying for admission for a specific qualification, and the acceptance for the purposes of qualification for that which meets the requirements;

1.17 “Recognition of prior learning” means the comparison of the previous learning and experience of a student however obtained against the outcomes required for a specific qualification, and the acceptance for purposes of qualification of that which meets the requirements;

1.18 “Senate” also includes any unit of person to whom the authority and/or powers in a specified area have been delegated by Senate;

1.19 “Student” means any person registered for a qualification offered by the University either within a programme or as an occasional student;

1.20 “Supplementary Assessment” is an extension of the initial work or examination, whereas “reassessment” constitutes a separate, new assessment;

1.21 “Syllabus” of a module means a description of the learning outcomes and learning content dealt with in the module;

1.22 “Thesis” means the written work submitted in fulfilment or in partial fulfilment of the requirements set for obtaining a doctor’s degree;

1.23 “Treatise” means written work submitted in partial fulfilment of the requirements for a bachelor’s degree, provided that such treatise is registered as a module.
GENERAL RULES FOR UNDERGRADUATE QUALIFICATIONS

2.5 Management reserves the right to entertain walk-in applications from applicants who have performed exceedingly well and have funding.

2.6.2 A student who was not previously registered at this or another University, shall meet one of the following requirements –

2.6.2.1 a Matriculation Certificate, a National Senior Certificate, a School Leaving Certificate or a Further Education and Training (FET 4) Certificate; or

2.6.2.2 mature age, Senate discretionary or any other form of conditional or complete exemption; or

2.6.2.3 any alternative qualification, examination or experience (prior learning and/or experience) which is recognized in terms of the admission policy of the University as laid down by Council in consultation with Senate; provided that Council in consultation with Senate may further prescribe by regulation additional requirements as it deems fit as a prerequisite for admission to any specific programme.

2.7 Senate’s Discretionary Exemption

2.7.1 Students with a Senior Certificate without Matriculation Exemption/Endorsement wishing to enrol for a degree programme may apply for Senate Discretionary Exemption (SDE), but should be advised that certain minimum requirements in certain school subjects may be required for some programmes and/or qualifications.
2.7.2 If their applications are successful, learners will be advised by Faculty Managers of their admission into the relevant Faculty’s Foundation Programme through the Admissions Office.

2.7.3 Students admitted via SDE3 (credit bearing and value addition modules) will be
allowed to register for modules with a maximum of 96 regular credits during their first year. In addition, students have to successfully complete value addition (i.e. non-credit bearing) modules to the equivalent of 320 notional hours during their first year.

2.7.4 SDE students admitted according to SDE3 will not be allowed to proceed to their second year of study until they have successfully completed all value addition modules as well as a minimum of 60 credits of their regular, credit bearing modules.

2.7.5 Upon registration, SDE3 students will be assisted by Faculty Managers to apply for conditional certificates. When SDE3 students have successfully completed the equivalent of at least 120 credits of regular, credit bearing courses, Faculty Managers will assist such students in their application of complete exemption certificates.

2.7.6 SDE Students admitted according to SDE1, SDE2, SDE4 or SDE5 models, will be assisted by Faculty Managers to apply for complete exemption certificates, and may, after consultation with Faculty Managers, enrol for regular degree programmes.

2.8 Exemptions: Senate may exempt candidates from attendance and assessment in a module on the grounds of their having obtained credit for the same or equivalent modules prescribed for another qualification of the University. Candidates may also be granted recognition at another institution, provided that candidates who are already in possession of a first qualification shall be granted recognition towards a second qualification at the same or at a lower NQF level in respect of modules previously completed only up to a maximum of half of the prescribed credits required for a second qualification.

2.9 Minimum credits for degree qualifications: All UFH academic programmes/qualifications shall, in terms of SAQA credits, be configured such that each year of study shall entail students completing a minimum of 128 credits. Accordingly, students shall only qualify for

a UFH three-year or four-year degree after completing a minimum of 384 credits or 512 credits respectively.

2.10 In cases where a candidate who is already in possession of a first qualification wishes to obtain a second qualification which has a set programme from which deviation is not possible, owing to the requirements of the University or an outside body, the provision in Rule 2.6.1 above shall not apply.

2.11 Minimum time spent towards a qualification: In order to graduate with a UFH qualification, a student must, in the course of his/her studies at the University of Fort Hare, successfully complete a minimum of 120 credits at the exit level on which the relevant qualification is registered

2.12 Currency of undergraduate modules: Undergraduate modules from other institutions for which credits are requested may not be older than 5 years. UFH modules retain their validity towards unfinished qualifications for 8 years. Senate may refuse recognition of a module (credit) on the basis that its content has changed and/or the module (credit) is too old to be given recognition.
2.13 A student who is entitled to make an academic credit transfer application based on the immediately preceding Rule 2.12 must do so within the first year of his or her registration at the UFH. Failure to submit the said application within the period contemplated by this rule
shall render the application irregular. It shall be the responsibility of students entitled to make applications under Rule G.2.12 to acquaint themselves with the time requirements and consequences of this rule.

G.3 REGISTRATION

3.1 A prospective student must first be admitted to the University in accordance with the provisions of Rule 2 above before he/she may register; he/she must supply proof of such admittance at registration. The University shall not be obliged to register a prospective student even though he/she has been admitted to the University; the student must also comply with the requirements of registration.

3.2 Before commencing their studies in any year prospective students shall register as students of the University at the venue and on the date and time published beforehand by the Registrar by signing their names on the official registration form, thereby signifying their acceptance of the rules of the University and of liability to pay the prescribed fees including residence fees, where applicable. Except with the Registrar’s written permission, no person who is in arrears with the payment of any fees due to the University shall be registered as a student.

3.2.1 Postal registration of returning senior students is permissible under certain conditions, namely where students have settled their debt prior to or on the due dates, and where the results of the examinations preceding the registration is available.

3.3 Students who have been admitted to a programme shall register for the specified modules before the commencement of such modules. No late registrations shall be accepted except with the written permission of the Head of Department/Dean concerned, and within the period indicated in the official diary.

3.4 Compliance with programme requirements

3.4.1 The onus is on students to ensure that the modules for which they are registered comply with the requirements of the relevant Head of Department(s)/Head of Department/Dean(s) and the Dean, or their representatives, to indicate that all requirements are met.

3.4.2 Senate may approve a special curriculum within the framework of the rules for a student who has been exempted from any module(s) in terms of the provision of the Statute.

3.5 Concurrent registration except by permission of Senate. No students shall concurrently be registered for more than one programme at the University without the permission of Senate.

3.6 Limitation of registration. Every person registered as a student at the University shall be deemed registered:

3.6.1 for one calendar year, semester or such shorter period as Council generally, or in any particular case, may specify; and

3.6.2 for the modules as specified on the official registration form. Registration of the student shall lapse after expiry of this period of registration. If a person wishes to remain a student at the University or to be reassessed in a particular module, he/she shall renew his/her registration.
3.7 **Offering of modules.** If any small number of students wish to enrol for a given module in any
year, the relevant Faculty may after consideration of the staffing position and module viability and after consultation with the unit offering the programme concerned, decide that such module shall not be offered in that year. Faculty Boards may also set a maximum class size for a programme in consideration of the staffing and facilities available for the programme. This rule shall be especially applicable to the offering of modules on a part-time basis. In terms of the rule, a part-time student shall not be entitled to demand and receive tuition in every module forming part of the curriculum of the UFH qualification for which s/he is/was registered by virtue only of having been allowed to commence her/his studies at UFH on a part-time basis.

3.8 **Timetable clashes.** Students may not register for modules with a clash on the lecture, practical or examination timetables without the approval of the Programme Co-ordinator and the Registrar. The University is not obliged to rearrange an examination timetable to accommodate instances where a student registered for modules which clash on the lecture or practical timetables.

3.9 **Special prerequisites and ancillaries for particular modules.** Senate may determine that candidates shall not be admitted to a particular module unless they have obtained credit for another specified module or simultaneously registered for another specified module. Failure to adhere to the above-mentioned rule of prerequisites and co-requisites, where applicable, may result in the immediate cancellation of the module(s) involved.

3.10 **Registration of occasional students.**

3.10.1 Senate may permit any person to register as an occasional student for a module or modules other than as a candidate for a degree, subject to such conditions as may be prescribed by the Head of Department/Dean concerned.

3.10.2 Senate may, subject to conditions as may be prescribed, permit a student to register for a module or modules other than as part of his/her curriculum.

3.10.3 Subject to the provisions of Rule 2.8, Senate may grant a student credit towards a qualification for one or more modules completed while registered in terms of the provisions of Rule 3.10.1 and/or 3.10.2, subject to such conditions as it may prescribe in an individual case, provided that a student shall, on registration, qualify for admission to the programme concerned and the module can form part of an approved curriculum for the qualification/programme.

3.11 **Registration/concurrent registration with another institution.** Where a student is for any reason whatsoever unable or unwilling to register for a UFH module required in order for her/him to complete the curriculum of the qualification for which s/he is registered at UFH, the University *may* (through the relevant Faculty office) provide permission for the student to register for that module with any other higher education institution. For the avoidance of doubt, a student who has completed a module with another higher education institution pursuant
to this rule shall be entitled to apply for recognition of the credit as soon as possible after s/he obtains a pass in the relevant module. **Save for exceptional circumstances**, this rule/provision shall not apply to a module which constitutes a “major” in an undergraduate degree curriculum. **What qualifies as “exceptional circumstances” shall be determined by the relevant Faculty Planning & Management Committee.**

3.12 **Compulsory registration of last outstanding module under G.Rule 7 or with another**
institutions. Students who have ONE module outstanding for completion of the curriculum of the qualification for which they are registered shall not be eligible to register for that module on a full-time basis, with or without any other modules, but may request permission to register for the said (last outstanding module) at another institution in terms of the immediately preceding G.Rule 3.11. **Save for exceptional circumstances**, this rule or provision shall not apply to a module which constitutes a “major” in an undergraduate degree curriculum. **What qualifies as “exceptional circumstances” shall be determined by the relevant Faculty Planning & Management Committee.**

3.13 **Student identification.** Every student, while on campus or using University facilities shall produce his/her student registration card upon request.

3.14 **Promotion criteria.** Promotion of students shall be determined by Faculties, for which purpose Faculties have to provide specific criteria.

3.15 **Academic exclusion of full-time students.** Full-time students who have failed to obtain the minimum number of credits towards the qualification for which they are registered shall be excluded from the University on academic grounds:

3.15.1 **In the case of a three-year degree programme**
   - 3.15.1.1 After one year, a minimum of 40 credits;
   - 3.15.1.2 After two years, a minimum of 120 credits;
   - 3.15.1.3 After three years, a minimum of 180 credits;
   - 3.15.1.4 After four years, a minimum of 300 credits;
   - 3.15.1.5 After five years, if a degree has not been obtained;

3.15.2 **In the case of a four-year degree programme**
   - 3.15.2.1 After one year, a minimum of 40 credits;
   - 3.15.2.2 After two years, a minimum of 120 credits;
   - 3.15.2.3 After three years, a minimum of 240 credits;
   - 3.15.2.4 After four years, a minimum of 360 credits;
   - 3.15.2.5 After five years, a minimum of 420 credits;
   - 3.15.2.6 After six years, if a degree has not been obtained.

3.15.3 **In the case of a Foundation Year Programme (FYP)**
The first year of registration of a Foundation Year Programme shall not be taken into account in calculating the prescribed period of study for the purpose of academic exclusion.

3.15.4 **Change of programme and interruption of study**
   - 3.15.4.1 Where a student has been allowed to change registration from one programme to another after the first year of study, the prescribed period of study shall be calculated from the registration of the new programme;
   - 3.15.4.2 Where a student has been allowed to change registration from one programme to another after the second year of study or in later years, the number of years subsequent to the first year of study of the first programme shall be taken into account when calculating the prescribed period of study in respect of the new programme;
3.15.4.3 In calculating the prescribed period of study, the frequency or duration of the period of interruption of study by a student shall not be taken into account.
3.15.4.4 A student shall be permitted to change registration from one programme to another on one occasion only.

3.16 **Academic exclusion of part-time students**

3.16.1 A student shall be excluded from the University if he/she has not fulfilled all the requirements for his/her proposed degree within ten years of study, except in special circumstances approved by Senate.

3.16.2 Periods of attendance and examination results at another university shall be taken into account, with one year of full-time study being regarded as equivalent to two years of part-time study.

3.17 **Miscellaneous matters relating to academic exclusion of full-time and part-time students**

3.17.1 The University may re-admit a student who has been excluded from the university where his/her subsequent experience or academic achievement justifies readmission.

3.17.2 A student who was previously eligible for exclusion, but who was not excluded at that time, may be excluded on that basis at the end of any subsequent year.

3.17.3 If a student by means of written notification received by the Registrar before 15 April of any year cancels his/her registration, the registration for that year shall not be taken into account for exclusion purposes.

3.17.4 Exclusion of non-registered persons. No person who has not been registered as a student may attend lectures or use any of the facilities or privileges offered by the University to its duly registered students.

3.18 **Appeal against academic exclusion from the University**

3.18.1 A student who has been excluded on academic grounds shall be entitled to appeal his/her exclusion to the Faculty Planning and Management Committee (FPMC) or the HOD’s Committee of the Faculty in which the student is registered. Such appeal must be lodged with the relevant Faculty Manager no later than 25 January of every year. The said Committee must consider and decide upon such appeals no later than two weeks after receipt of the appeal documentation by the Faculty Manager.

3.18.2 In deliberating on an appeal pursuant to this rule, the Faculty Planning and Management Committee or HOD’s Committee shall be entitled to consider all factors deemed pertinent to such a matter by the Committee, including the student’s historical, academic performance, physical and mental health (supported by appropriate documentation), and compelling personal circumstances as evidence by appropriate documentation. Where the Committee considers it appropriate, it may impose clear/specific conditions on the re-admission of a student excluded on academic grounds.

3.18.3 A student who is dissatisfied with the outcome of a decision of the Faculty Planning and Management Committee or HOD’s Committee
rendered in accordance with the immediately preceding paragraph shall be entitled to appeal the decision to the Senate Executive Committee (Senex). Senex may set aside the decision of the Faculty Planning and Management Committee or HOD’s Committee or upholds the Committee’s decision in its entirety or vary the terms thereof. With respect to the appeal process prescribed under this rule, the decision of Senex shall be final.
G.4 MODULE PARTICIPATION REQUIREMENTS
4.1 Unless Senate decides otherwise, a candidate shall obtain credit only for modules which have been satisfactorily attended and in which there have been sufficient participation in assessment opportunities.
4.2 Students may be required to produce proof of registration for a module as and when required by the Head of Department/Dean or someone who has been delegated to do so.
4.3 The Head of Department/Dean concerned shall determine what constitutes satisfactory attendance and shall notify students thereof in writing at the commencement of each module.

G.5 ASSESSMENT
5.1 Assessment of all candidates in every module shall be in such a manner and through such methods as approved by Senate and the final mark so obtained for a module shall be entered into the academic records of the candidates. A second examiner must be appointed for the summative assessment of every module.
5.2 Unless approved by Senate, a student’s semester mark or DP shall be combined in equal proportion with the examination mark and the average will constitute the final mark in all degree examinations.
5.3 Upon return of samples of examination scripts sent to an external examiner, the Head of Department/Dean and the internal examiner shall, in consultation with the Dean of the Faculty/Director of School, scrutinize the scripts with a view to determining whether the external examiner would have adjusted the marks across the board and by what number of marks he would have done so. After making such determination, the Head of Department/Dean (or Dean of Faculty where the internal examiner is the Head of Department/Dean) shall direct the internal examiner to make the required mark adjustment on all examination scripts including those included in the sample that went to the external examiner.
5.4 The time when and the place where summative assessment of a module shall take place shall be determined by Senate. In a case where the module is assessed through the performance of a comprehensive assignment, a practical test or any other task outside the examination room, the details of such an assessment shall be circumscribed in the description of the module and the assessment shall take place under the supervision of the Head of Department/Dean or a person designated by him/her.

5.5 Identification of candidates during assessment. If so required during assessment, candidates must produce satisfactory proof of their identity by means of their student registration cards.
5.6 Plagiarism
5.6.1 Cheating/examination-related fraudulent misconduct During an assessment session, a candidate shall not have any notes or any other assistance, unless such assistance is specifically circumscribed and allowed for that session. A breach of this rule will result in disciplinary action against the person(s) involved.
5.6.2 **Plagiarism**

The commission of acts of plagiarism is strongly forbidden by the University.
Conduct that may constitute plagiarism shall be scrutinized, processed and the appropriate sanction or institutional response shall be determined in accordance with the University's Plagiarism policy.

5.7 **Release of final marks**

5.7.1 The University shall endeavour to publish examination results as soon as possible after the date on which the examinations were written and also notify the students of their results by mail.

5.7.2 Candidates shall proactively seek out their examination results. Accordingly, it is the responsibility of candidates to obtain notification of their results.

5.7.3 A candidate shall not be entitled to a special supplementary examination merely because of lack (or delay) of notification of their results.

5.7.4 Candidates shall not be entitled to obtain final marks for modules for which they have been registered if they are in arrears with payments to the University or have not complied with the entrance requirements for modules.

5.8 **Final mark, pass mark, exam mark and distinction:** After every assessment, a student shall be awarded a final mark not exceeding 100 percent. The pass mark for every module shall be 50 percent. The student shall be awarded a pass with a distinction in a module if, at the first attempt, a final mark of at least 75 percent was obtained.

5.8.1 Subject to the requirements of GR 5.9 (relating to the requirement of a minimum semester (DP) mark) and GR 5.10 (relating to the requirement of an examination sub-minimum): Where a student has obtained a semester mark or an examination mark of 39 percent and/or a final mark of 44 percent or where a student has obtained a final mark of 49 percent or 74 percent, s/he shall be entitled to an automatic condonation towards the higher mark. This rule shall be implemented by the University's Examination Office without the requirement of any faculty/departmental resolution or formality. In the application of this rule, the number of modules in which a student has obtained the examination mark of 39 percent or final mark of 44 percent or 49 percent or 74 percent shall be immaterial.

5.9 **Requirement of an examination entrance (due performance)subminimum** A student shall not be eligible to write the degree or supplementary examination in any module for which s/he is properly registered unless s/he has obtained a minimum semester (DP) mark of 40% in the module. For the avoidance of doubt, this rule shall not apply to a student who is registered for a module under G.Rule 7 or under any other institutional rule that exempts her/him from the requirement of a semester (DP) mark.

5.10 **Requirement of an examination sub-minimum:** Notwithstanding the provisions of the immediately preceding rule, a student shall only be credited with a pass in a module if s/he obtained a minimum of 40 percent in the degree or supplementary examination.
5.10.1 A student who has been unsuccessful in obtaining the examination sub-minimum mark of 40 percent in the degree examination shall be entitled to a second chance at obtaining the said sub-minimum mark (through the supplementary examination) provided s/he obtained a minimum final mark of 45 percent.

5.11 **Awarding of qualifications cum laude**: Unless Senate decides otherwise and subject to specific provisions in faculty rules, a qualification shall be awarded cum laude if a candidate obtained a weighted average of at least 75 percent to the credit value obtained in all the...
modules in the candidate’s prescribed programme, and further provided that:

5.11.1 the weighted average according to the credit value of the modules at the exit level of the qualification must be at least 75 percent.

5.11.2 none of the modules prescribed in the programme must have been failed.

G.6 SUPPLEMENTARY ASSESSMENT

6.1 Candidates in any module may be required to present themselves for a supplementary assessment or reassessment of any work or examination previously completed by them. If a candidate fails to report for such an assessment, due to reasons other than those mentioned or contemplated in Rules G 8.1 and G.8.3, the opportunity shall be forfeited and the original mark awarded.

6.2 A supplementary assessment shall be based on the work prescribed for the previous assessment, but a department may exempt a candidate from a section of the work which has already been passed.

6.3 Supplementary assessments shall be granted at the discretion of the Programme Unit concerned in terms of policy laid down by the relevant Faculty. Information about the way in which a Programme Unit will implement this rule shall be communicated in writing to candidates at the commencement of a module. Unless otherwise specified, candidates shall be admitted to a supplementary assessment in a module provided:

6.3.1 Supplementary assessments shall be granted at the discretion of the Programme Unit concernsd in terms of policy laid down by the relevant Faculty. Information about the way in which a Programme Unit will implement this rule shall be communicated in writing to candidates at the commencement of a module. Unless otherwise specified, candidates shall be admitted to a supplementary assessment in a module provided they obtained a final mark of between 45 percent and 49 percent in the module concerned.

6.3.2 Automatic supplementary examinations for final year students.

Notwithstanding the provisions of the above GR 6.3.1, a final year student shall be eligible for a supplementary examination in any one module in respect of which s/he has obtained a subminimum DP mark of 40 per cent where applicable and which module has turned out to be the student’s last outstanding towards the degree/qualification for which s/he is registered. Eligibility to write a supplementary examination in terms of this rule shall only be determined by reference to the academic status of a final year student at the end of the main degree examinations. It shall be the responsibility of the student to determine her or his eligibility to write a supplementary examination under this rule and to bring that fact to the attention of the relevant Faculty Manager who shall notify the Examination Office accordingly. **NB:** For the purposes of this Rule, the expression “main degree examinations” means examination administered by the University in May/June or November/December in each year, but does not include a supplementary examination.”
6.4 The Head of Department/Dean, in consultation with the examiners of a module, may require students to present themselves for an additional oral examination immediately after the
ordinary examination, and students shall be available for this purpose for ten
days after the examination in the module that was written.

6.5 Where a supplementary examination candidate has succeeded in obtaining a
final (pass) mark in a module, the final mark shall be captured in the candidate’s
academic record as 50 percent.

G.7 REASSESSMENT

7.1 A candidate who has been admitted to the examination in a module, but failed
the examination, may be permitted to be reassessed in the module without re-
attending the module. Such reassessment shall be subject to the approval of
the Dean of the Faculty on the recommendation of the Head of
Department/Dean concerned, and subject to the following limitations:

7.1.1 it shall be limited to a maximum of 16 credits, or 32 credits if an NQF 6 or
higher level module, per semester;
7.1.2 reassessment in a particular module may be granted only once, and
within the twelve months following the original semester;
7.1.3 it must be in accordance with the Examination Timetable.

7.2 A student who has been admitted to the examination in a module, but has failed in
the examination in such a module which is the last outstanding requirement for
his/her degree, may be granted permission by the Dean of the Faculty in which the
module is to be taken, on recommendation of the relevant Head of
Department/Dean, to present himself/herself, without attending the University, for
reassessment at the end of the following semester in which the module is offered,
provided his/her written application to this effect is received by the Registrar at the
normal time for registration of the module, and provided he/she registers for the
module and pays the prescribed fees. The module equivalent shall not exceed 16
credits per semester.

7.3 Where a candidate is reassessed in terms of Rule 7.1 or 7.2 no cognizance shall
be taken of the semester mark previously obtained in the module.

G.8 SPECIAL EXAMINATIONS

8.1 Special examination may be granted to a student who, by reason of special
circumstances, has been unable to sit for an examination including a
supplementary examination. Satisfactory evidence of the special
circumstances must be produced.

8.2 The words “special circumstances” as used in this rule shall at all times be
narrowly construed to refer to uncontrollable events, such as bereavements, loss
of property through fire, flooding, robbery, hijacking etc. Where in doubt, the
Manager of the Examinations Department/Registrar shall request an opinion from
the Chair of the Rules and Prospectus Committee.

8.3 Aegrotat examination may be granted to a student who, by reason of illness,
has been unable to sit for or complete an examination including a
supplementary examination. Satisfactory proof of the illness must be
produced.
8.4 Save as provided for in rule G8.5 and rule G8.8 below, special or aegrotat examination shall be held on dates determined by Senate for degree and supplementary examination.

107
8.5 Where a student is a final year student, the Dean of the Faculty shall, on the recommendation of the relevant Head of Department and in consultation with the Registrar, determine the date for the special or aegrotat examination. However, the date of that special or aegrotat examination should be no later than 30 days from the date of the examination that the student was unable to write due to illness or special circumstances.

8.6 The prescribed application form must be submitted to the Manager of the Examinations Department no later than seven (7) calendar days from the date of the relevant examination together with the necessary proof or evidence as the case may be.

8.7 Where a student was unable to apply for a special or aegrotat examination, as stipulated in rule G 8.6, due to illness or special circumstances, such a student must make the required application and provide the accompanying documentation at the earliest opportunity available to the student. The Examinations Department shall accept such application where the documentation provided by the student shows that he/she could not possibly have complied with the requirements of rule G 8.6 due to illness or special circumstances.

8.8 In the event that the student is unable to sit for or complete the special or aegrotat or supplementary examination due to illness or special circumstances, the Dean of the Faculty shall, on the recommendation of the relevant Head of Department and in consultation with the Registrar, determine the date for the special or aegrotat examination. However, the date of that special or aegrotat examination should be no later than 30 days from the date of the examination that the student was unable to write due to illness or special circumstances.

8.9 If a student fails to report for a special or aegrotat or supplementary examination, due to reasons other than illness or special circumstances, the opportunity to sit for the special or aegrotat or supplementary examination is thereby forfeited.

8.10 A special or aegrotat examination may be conducted orally or in writing. Where a Dean has decided to act in terms of Rule G 8.5 or Rule G 8.8 above, the special or aegrotat examination may be conducted orally with the involvement of the relevant module’s External Examiner.

G.9 AEGROTAT QUALIFICATION

If candidates are absent from whole or part of the final assessment for a qualification because of any serious or disabling circumstances of substantial duration, occurring within such period as Senate deems relevant for the assessment in question, Senate may, after receiving proof of such circumstances and sufficient evidence of the candidate’s attainments, admit them to the qualification. The names of such candidates shall be published under the heading “Aegrotat”, together with the names of the other successful candidates.

G.10 RE-MARKING OF EXAMINATION SCRIPTS
10.1 Candidates are entitled to have one or more of their examination scripts remarked after they have submitted a written application to the Examinations Officer and have paid the prescribed fees. Re-marking shall not be permitted for examination scripts in which external examiners are involved, nor for supplementary, special or practical examinations, or for a module where the scripts are marked entirely by computer.

10.2 Unless Senate decides otherwise, application for the re-marking of an examination script
must be submitted not later than 30 days after the marks for the previous term have been published. A student who has applied for re-marking of scripts shall not thereby forfeit any right he/she may have to a supplementary examination. If the re-marking results in the student passing the module, this mark shall supersede any supplementary examination results in the same module. A student who qualified for and wrote a supplementary examination, and who also applied for the re-marking of a script or scripts for the same module shall pay the prescribed fee for both re-marking and the supplementary examination.

10.3 The fees for re-marking paid in terms of Rule 10.1 and 10.2 shall be refunded if the re-marking results in a correction of the mark so that the student qualifies for a supplementary examination, a pass or a distinction in the module concerned.

10.4 Re-marking will be done by an examiner, hereinafter referred to as the arbiter, who was not involved in the original marking of the scripts. The marks allocated by the arbiter shall be averaged with the closer of the original marks to constitute the result of re-marking.

G.11 SCRUTINY OF EXAMINATION SCRIPTS

11.1 A candidate who believes that an error has occurred in the examination of his/her scripts may have his/her scripts scrutinized. Such scrutiny shall be limited to a checking of the addition of the marks which have been allotted, and to making sure that marks have been allotted to every section of every question attempted.

11.2 Any registered candidate, who has no outstanding fees, may apply in writing to the Examinations Office within two weeks of the semester following the examination for a photostat copy of an examination script. Upon payment of the prescribed fee, plus a fees clearance, such copy will be made available to the candidate within two working days. The candidate may then request the original to be scrutinized (Rule 11.3 below), or re-marked (Rule 10, if applicable).

11.3 The candidate must apply in writing to the Manager: Examinations within a week after the official examination results for the papers concerned are officially available to have the relevant scripts scrutinized. The prescribed fee for scrutiny must accompany the application. The fee will be refunded if such scrutiny results in a correction of the mark so that the student qualifies for a supplementary examination, a pass or distinction in the module concerned.

G.12 RULES APPLICABLE DURING EXAMINATIONS

12.1 Students must display their official and valid student registration cards during examinations by placing them on the right hand corner of their desks. No student will be handed an examination question paper if they cannot present their registration card.

12.2 Students are reminded that examination scripts with illegible handwriting may impede the marking process.
12.3 No student may, without the necessary authorization, take into the examination room any documents, notes, cell phones or objects which may be of assistance to him/her.

12.4 In certain open book examinations, students will be allowed to use only the tutorial matter as specified on the examination question paper. Students are not allowed to exchange such matter with one another during the examination session.
12.5 Students should refrain from doing rough work on the examination question paper, and should rather do it in the answer book and indicate it as such.

12.6 Under no circumstances may a student retain his or her examination answer booklet, remove it from the examination room or tear pages from it.

12.7 Misreading the examination dates will under no circumstances be considered as grounds for supplementary examinations.

12.8 No student may leave the examination room during the first 30 minutes and the last 15 minutes of the session.

12.9 Students must present themselves at the examination room at least 15 minutes prior to the commencement of the session.

12.10 Students must supply their own writing equipment and calculators (where permitted) and may not borrow such items from other students.

G.13 AMENDMENT OF RULES AND RULE BREACHES

13.1 If the rules regarding the arrangement of a programme are amended, candidates registered under the old rules may, provided there is no break in their registration, and that the new rules contain no provision to the contrary, elect to continue under either the old or the new rules, provided that, except by special permission of Senate:

13.1.1 they shall not be permitted to proceed partially under the old rules and partially under the new rules;

13.1.2 they are bound by their decision; and

13.1.3 they shall forfeit the right to continue under the old rules if they have obtained insufficient credits in semester or if there is a break in their registration.

13.2 Condonation of rules breaches. Senate may condone a rule breach if it is satisfied that such a breach was due to an error and that the student concerned, not having contributed to such error, would suffer undue hardship should the rule be applied.

13.3 Faculty rules may further circumscribe the general rules and then act as an extension of the general rules; in such cases Faculty rules shall take precedence.
GENERAL RULES FOR POSTGRADUATE QUALIFICATIONS

G.14 APPLICATION OF GENERAL RULES
The general rules for undergraduate qualifications also apply to postgraduate qualifications, except where the former clearly cannot apply to postgraduate programmes, or where the rules for postgraduate qualifications outlined below (Rule G.14 onwards) contradict the general undergraduate rules.

G.15 ADMISSION
15.1 Honours degree. A person shall not be admitted as a candidate for an honours degree unless he/she:
   15.1.1 has successfully completed a bachelor’s degree at the University; or
   15.1.2 has successfully completed a similar qualification at the appropriate level on the NQF and which is equivalent to or higher than the examinations prescribed for a degree of bachelor of the University; or

15.2 Master's degree. A person shall not be admitted as a candidate for a master's degree unless he/she:
   15.2.1 has successfully completed a four-year bachelor’s degree at the University; or
   15.2.2 has successfully completed an honours degree following a three-year bachelor’s degree at the University; or

   15.3.4 has submitted her/his Masters dissertation for examination with the consent of the supervisor and within the deadline stipulated by the University.
15.4 The above requirements should be read in conjunction with the University’s policy on the recognition of prior learning, which sets out the access criteria as well as advanced standing granted to students based on learning acquired through formal, informal and non-formal means.
G.16 REGISTRATION FOR POSTGRADUATE QUALIFICATIONS

16.1 A candidate for a postgraduate qualification must submit a written application to Student Admissions Office, which will then forward it to the relevant Faculty Manager(s), who, in turn, will forward it to the relevant academic departments (and the HoD therein). The application must set out the candidate’s qualifications and must state the subject field in which the study is located. Conditional acceptance will be considered by the relevant Head of Department, who will make a recommendation through Faculty to Senate regarding the programme to be followed as well as supervisor(s) and/or, co-supervisor(s). Registration may only be completed once Senate has given its approval, provided that the names of examiners need not be submitted at registration, but must be approved by Senate before the completion of the programme for which the candidate is registered.

16.1.1 Requirement of application for re-admission and re-registration by continuing postgraduate students: Postgraduate registration is valid for one year only, and candidates are required to renew their application and to register annually until graduation or termination of studies.

16.2 Without prejudice to its general powers to admit or refuse admission to an applicant, Senate may require an applicant to undergo a test on his/her proficiency in the subject of his/her proposed study if he/she either:

16.2.1 obtained the qualification on which the application is based at another university or institution, or

16.2.2 being a graduate of the University, did not include the subject as a major subject in the undergraduate curriculum.

16.2.3 Acceptance to a Master’s or Doctoral degree programme is conditional on:

(a) the candidate having satisfied the necessary academic criteria (as stipulated according to relevant Faculty and Department criteria); (b) that the relevant and appropriate supervisor workload and capability have been taken into account; and,

(c) that the candidate has developed a suitable and acceptable topic in relation to the discipline and its requirements.

16.3 Senate may require a candidate to attend specified ancillary modules in addition to the prescribed modules (where applicable) and may require that such modules be completed before the candidate presents himself/herself for any specified part of the final assessment.

16.3.1 Unless a student wishing to register for a dissertation or thesis, Masters or Doctoral studies, can provide evidence of having followed and successfully completed a course in Research Methodology, s/he must register for and complete such a module at the University of Fort Hare, preferably prior to submitting the final research proposal.

16.4 A candidate for a postgraduate programme may be required to pass a proficiency test in a specified language or languages before admission to the programme or before admission to the final examination. The details of such requirements are listed with each programme.
16.5 Senate on the recommendation of the relevant faculty shall appoint three external examiners for each Doctoral candidate’s thesis, of which two external examiners must be international (outside the borders of South Africa). In exceptional, motivated circumstances (such as
involving local language expertise), the external examiners may be appointed from within South Africa. For each research Master’s dissertation, two external examiners shall be appointed (which may include examiners from other universities in South Africa, but not from UFH). A mini-dissertation which forms part of a Master’s degree by coursework (that is, coursework and research) shall, as with the other modules taken in such a programme, require the appointment of only one external examiner. The second examiner for the Coursework Master’s mini-dissertation shall be an internal examiner, but not the supervisor of the mini-dissertation. The appointment of external examiners shall adhere to the requirements for best practices as stipulated in section 3.7 of the Postgraduate Guide.

16.6 Senate, on recommendation of the relevant Head of Department/Dean, shall appoint a supervisor for each candidate for a masters or doctoral qualification. Senate may also appoint a co-supervisor for a candidate, especially where the proposed programme will extend over more than one recognized subject field or goes beyond the research expertise of a single staff member. The supervisor shall normally be a member of the academic staff attached to the University, while the co-supervisor may be an academic from another University or another person who is a recognized authority in the subject field. In exceptional cases the supervisor may be appointed from outside the University, in which case a co-supervisor who is a member of staff of the University shall be appointed to administer the study programme.

16.6.1 At the end of each semester the supervisor shall report to the Head of Department/Dean on the progress of candidate(s) under his/her supervision; these reports shall also be tabled in Senate to consider intervention in the programme if and when required.

16.6.2 In the event that a supervisor leaves the employ of the University before a candidate he/she is supervising has completed the relevant postgraduate qualification, Senate may:
   16.6.2.1 request the supervisor to continue as such and appoint an internal co-supervisor to act as liaison officer and for administrative purposes; or
   16.6.2.2 appoint a new internal supervisor and request the original supervisor to continue in an advisory capacity or as a co-supervisor; or
   16.6.2.3 appoint a new internal supervisor where a person competent in the field of study is available.

16.6.3 The university’s Policy on Supervision shall be subject to these rules and must be adhered to in all circumstances.

16.7 A postgraduate programme shall comprise not less than 120 credits at Honours level, 180 credits at Master’s level and 360 credits at Doctoral level and must comply with the specifications for each programme as prescribed in the Faculty Prospectus. Any deviation from such a programme must be fully motivated, recommended by the Head of Department/Dean and approved by Senate.

16.8 Duration of the programme:
16.8.1 An honours programme shall extend over not less than two consecutive semesters of full-time study and not more than four semesters in three consecutive years. If the rules of a particular faculty permit it, a candidate may, with the approval of the
Head of Department/Dean concerned, attend and complete the programme on a part-time basis in not more than six consecutive semesters. Where these periods (four semesters for full-time and six semesters for part-time study) are exceeded, the candidate must submit a motivated application and the Head of Department/Dean may then recommend an extension of the period to Senate, which will then make a final determination.

16.8.2 A Master’s programme shall extend over not less than two consecutive semesters of full-time study, and not more than six consecutive semesters. If the rules of a particular faculty permit it, a candidate may, with the approval of the Faculty Research and Higher Degrees Committee, attend and complete the programme on a part-time basis. Where such approval is granted, a master’s programme shall extend over not less than four consecutive semesters and not more than eight consecutive semesters. Where these periods are exceeded, the candidate must submit a motivated application and the Faculty Research and Higher Degrees Committee (through the Dean) may then recommend an extension of the period to Senate which will then make a final determination.

16.8.3 A doctoral programme shall extend over not less than four consecutive semesters of full-time study and not more than ten consecutive semesters. If the rules of a particular faculty permit it, a candidate may, with the approval of the Faculty Research and Higher Degrees Committee, attend and complete the programme on a part-time basis. Where such approval is granted, a doctoral programme shall extend over not less than eight consecutive semesters and not more than fourteen consecutive semesters (of part-time study). Where these periods are exceeded, the candidate must submit a motivated application and the Faculty Research and Higher Degrees Committee (through the Dean) may then recommend an extension of the period to Senate, which will then make a final determination. Further extensions of the study period may only be allowed in exceptional circumstances.

16.8.4 To promote the attainment of appropriate monitoring and consistent compliance with minimum study period prescriptions of the immediately preceding rules G16.8.2 and G16.8.3, it shall be the responsibility of the Chairs of Faculty Research and Higher Degrees Committee and postgraduate study supervisors to ensure that Master’s and Doctoral students’ dissertations/theses are not submitted for assessment within the prescribed minimum study periods. However, the Dean of a Faculty may, on the recommendation of the Faculty Research and Higher Degrees Committee, provide written permission for submission of a dissertation/thesis in the last quarter of the applicable prescribed minimum study period.

17.1 The programme description for a postgraduate qualification shall include:

5.7.1.1 The student (SRC member or other student) must submit an application for leave of absence accompanied by supporting documentation (where available) either before the date of the class/tutorial that s/he is unable to attend or where that was not possible, must submit such application within 48 hours thereafter.

5.7.1.2 Upon receipt of the leave of absence application, the Head of Department shall consider and determine whether sufficient grounds exist or existed for the application for leave of absence and if satisfied, shall record the student as being properly absent from the relevant class/tutorial. Accordingly, for the purpose of determining compliance with the DP requirements pertaining to class/tutorial attendance, the student shall not be prejudiced by non-attendance that is supported by proper application for leave of absence.

5.7.1.3 The student may consult with the relevant lecturer for the purpose of requesting any material(s) handed out in the class/tutorial while s/he was absent. Upon receipt of such a request, the lecturer shall facilitate the provision of such material(s) by the departmental/faculty administration office.

5.7.1.4 Where the Head of Department is not satisfied that sufficient grounds exist or existed for the application of leave of absence, she or he may decline to recognize such leave of absence as having been properly taken by the student. The
student shall have a right of appeal to the Dean of the Faculty within seven days of such refusal.
5.7.2 Support in respect of practicals

5.7.2.1 The student must submit an application for leave of absence accompanied by supporting documentation (where available) either before the date of the practical that s/he is unable to attend or where that was not possible, must submit such application within 48 hours thereafter.

5.7.2.3 Accordingly, for the purposes of determining compliance with the DP requirements pertaining to class or tutorial attendance or completion of practical exercises, the student shall not be prejudiced by non-attendance or failure to complete practical exercises where s/he has submitted to the lecturer evidence of proper application for leave of absence.

5.7.2.4 Upon receipt of such leave of absence the lecturer, or where necessary, the Head of Department, shall facilitate the provision/administration of such tests, practicals and/or other exercises or assignments as are necessary to enable the student to satisfy the requirements of a DP. Provided that the requirement for the provision/administration of tests, practicals and/or other exercises or assignments shall not apply in the case of a Department which, for logistical reasons, is unable to comply with such requirement. The Dean of the relevant Faculty shall at the commencement of each academic year publish a list of Departments which, for logistical reasons, are unable to comply with the requirements of this rule.

5.7.2.5 Where the Head of Department is not satisfied that sufficient grounds exist or existed for the application of leave of absence, she or he may decline to recognize such leave of absence as having been properly taken by the student. 5.7.3.3 Where the student foresees that she or he may be unable to meet an assignment submission deadline due to SRC business or other University related engagement or commitment(s) falling within the coverage of this rule, she or he shall apply in writing to the relevant lecturer for extension of time within which to submit the assignment. Where available, the application must be accompanied by supporting documentation. Upon receipt of the student’s application, the relevant lecturer shall, in consultation with the Head of Department, grant an extension for the number of days that the lecturer considers fair and reasonable in the circumstances.

5.7.3.4 Where the student, without first submitting an application for leave of absence (accompanied by supporting documentation where necessary), fails to write a test or to submit an assignment on the due date or to comply with the requirements for the completion and submission of her or his practicals in accordance with the deadline determined by the lecturer, due to SRC business or other University-related business such student shall not be entitled to the assistance covered by this rule unless she or he supplies sufficient reasons to the satisfaction of the Head of Department, for her or his failure to obtain prior approval application for leave of absence. The Head of Department may refuse the application to condone the absence where the reasons given by the student are not valid or satisfactory. Provided that where the Head of Department refuses to condone the student’s absence, the student shall have a right of appeal to the Dean within seven days of such refusal.

DR 6 Report of absence

Should a student wish to absent him/herself from the University, it shall be his/her responsibility to notify the Community Coordinator, who shall, in return, report to the relevant academic departments. Students may also report their intended absence directly to their academic departments.

7.1 Possession and use of dangerous weapons, alcohol or drugs, other than those prescribed by a medical practitioner, is prohibited within the University premises.

SECTION B: GENERAL RULES FOR RESIDENCES DR

8 Allocation of rooms

8.1 A student will reside in the room allocated to him/her by the Community Co-
ordinator or delegated staff member. Room allocation is the prerogative of the
Community Co-ordinator. Residence committees are, however, expected to assist
the staff in residences in room allocation, especially to make sure that no unfair
practices occur in the allocation of rooms. While students may reserve rooms for the
ensuing year, such reservations may not be indefinite and the Community Co-
ordinator may, at his/her discretion, re-allocate a reserved room to any other
student.

8.2 Room keys:

8.2.1 Where applicable, a student shall obtain the room key from the
Community Co-ordinator or person delegated by him/her. This key
may not be duplicated.

8.2.2 A student must return the room key before leaving the University at the
end of semester or upon cancellation of registration. Failure to comply
with this rule will mean that the door lock will be replaced at the
student's expense.

8.2.3 A student who loses his/her own room key must report the matter
to the Community Coordinator or the person delegated by him/her, who
will be responsible for replacement at a cost to be laid down.

DR 9 House Representative Committee

9.1 The students in Residence Halls shall, in accordance with the SRC
Constitution, elect a House Representative Committee which shall:

9.1.1 without in any way infringing upon the authority of the Community Co-

Residence are obeyed and that good order and good conduct generally are
maintained; and

9.1.2 normally be the intermediary between students and residence’s staff or the
respective University official, without prejudice to the right of the residence’s
staff or the respective University official to deal directly with a student or
with the general body of students in the residence or with the right of a
student to approach the Community Co-ordinator or any other University
official directly.

DR 10 Student responsibility

10.2 No furniture or any other items on the stock register shall be removed from a
student’s room. All missing items per stock register will be charged to the
student’s account. Any University items brought into a student’s room without a

disciplinary procedures.

10.3 Common room and TV room furniture should be handled with care and cushions
and chairs shall not be removed.
10.4 Students in possession of permitted electrical appliances may connect these to wall plugs only.
10.5 No cooking is allowed in the residences except in designated areas. Cooking appliances, particularly items such as stoves, microwaves and refrigerators are not permitted.

These include antennae, satellite dishes, electric wiring, air conditioners, etc. 10.7 Radios, tape recorders, TV’s and similar devices must not be played so loudly as to disturb other people in residences. 10.8 No parties may be held in a student’s room, but only in the specially designated areas. 10.9 It is a student’s responsibility to ensure that a student card is produced whenever it is required by authorities, including when entering the University. Giving or lending of a student card to another student or any other person or outsider for his personal use in or outside the University is strictly prohibited.

DR 11 Illness and pregnancy
11.1 A student shall report to the Community Co-ordinator or the person delegated by him/her when s/he is ill and should contact the Students’ Health Services for treatment or formal referral. 11.2 A pregnant student may be permitted to remain in residence up to 34 weeks of pregnancy, as prescribed in the policy for pregnant students. 11.3 No student will be permitted to stay with a child in a student residence.

DR 12 Residence occupation
12.1 A student shall leave the residence not later than three days after the final date of examinations, or within three days after cancellation of registration. 12.2 A student must vacate the room, remove all personal possessions and leave the University for the duration of the winter and summer vacation. A student shall be permitted to stay in the residences during the short vacations. 12.3 A postgraduate student who does not write examinations at the end of the year shall leave the residence when the University closes. Should there be academic reasons to stay beyond this date, application must be made and approval obtained from the Dean of Students before the University closes. Such an application must be recommended by the Head of Department/Programme Co-ordinator concerned. 12.4 No student is permitted to allow another student to ‘squat’ or lodge in a single room allocated to him/her. Also, only students are allowed to stay in a double room. Non-observance of this rule constitutes a disciplinary offence. 12.5 Any swopping of rooms by students without the prior approval of the Dean of Students or Residence Manager is prohibited and, therefore, constitutes misconduct for which a student may be charged in terms of this rule.

DR 13 Residence occupation during summer vacations
13.1 A postgraduate student whose academic year begins in January, or any other student who is required to be present at the University for a special assignment, or a student who has to write an examination before lectures commence, may reside in a residence only from the date determined by the Registrar or his/her representative, provided that written application is made to the Registrar and written approval is granted in advance. The following conditions will apply:
13.2 Lodging and/or boarding fees for the period from date of arrival until the date of departure or registration are payable on arrival by students writing supplementary or special examinations.

13.3 Students writing postgraduate examination papers and students who have to report early for
selected courses, that is before the residences open officially for senior students, are accommodated free of charge.

**DR 14 Outside visitors**

14.1 A student may have personal visitor overnight in a residence, but the University shall not be responsible for any injury or loss of property belonging to such a visitor. Students are expected to report the fact that they have visitor(s) to the Community Co-ordinator.

14.2 A visitor who is allocated a room in a residence overnight shall pay according to the prescribed tariff after having obtained a visitor’s permit from the University security.

14.3 Enquiries of an urgent nature must be made through the Community Co-ordinator, Residence Assistant or Residence Attendant.

14.4 It is a serious offence for a student who resides in private lodging to make use of the dining halls in the residence other than the Student Centre, or for such a student to move into a residence without written permission from the Residence Manager and without notifying the Fees Section in advance.

**DR 15 Criminal offences**

All offences of a criminal nature committed within the Residences will be handed over to University security for disciplinary and criminal procedures by the University and South African Police Services (SAPS) respectively.

**SECTION C: CAFETERIAS AND DINING HALLS**

**DR 16** In all dining halls and other food outlets, students are bound to abide by the rules as set out by the catering company.

**SECTION D: DISCIPLINARY MEASURES**

**DR 17** The Vice-Chancellor is the Chief Disciplinary Officer of the University.

17.1 In all cases of misconduct involving a serious element of violence (including, but not limited to assault causing grievous bodily harm, rape, sexual assault and sexual harassment), and in any other case where the University considers it appropriate, the Vice-Chancellor or his nominee may suspend the alleged offender from the University with immediate effect pending a disciplinary hearing into the matter. The duration of such suspension and the terms thereof shall be communicated to the student in writing. Inexercising his/her power pursuant to this rule, the Vice-Chancellor or his nominee may consider any recommendations to his/her office from the Dean of Students and/or DC Coordinator.

17.2 Where a student who was suspended pursuant to the immediately preceding rule is subsequently acquitted by a Disciplinary Committee, the Vice-Chancellor shall direct the Dean of Students (and/or Dean of the relevant Faculty) to ensure that, as much as possible, the student does not suffer prejudice in respect of his/her academic studies.
DR 18 A student is subject to the disciplinary provisions prescribed by the University statute and the rules and regulations laid down by the Council.
DR 19 Misconduct

The following are grounds on which a student may be charged with misconduct:

19.1 breach of any rule or regulation of the University;
19.2 failure, or refusal to carry out any lawful instruction given to them by the members of the academic or administration staff;
19.3 undisciplined, or insubordinate behaviour in a University residence, dining hall, lecture hall or University premises;

DR 20 Disciplinary Proceedings

20.1 Procedure

20.1.1 Whenever misconduct is alleged to be committed or to have been committed, the Head of Protection/Security Services must forthwith investigate the matter.

20.1.2 If any student or University official has reason to believe that misconduct in terms of University rules is being or has been committed, a report, preferably in writing, must be made by the student or university official concerned to the Head of Protection/Security Services at the relevant Campus or to a person acting on his/her behalf, who must forthwith investigate the matter.

20.1.3 The Head of Protection Services may do whatever is reasonably necessary for purposes of such investigation including interviewing and taking statements from any person(s) who may be involved either as a respondent or as a potential witness.

20.1.4 On conclusion of the investigation, a report must be submitted to the Disciplinary Committee (DC) Co-ordinator, who shall, after consulting with the head of legal services, arrange a hearing/sitting of the Disciplinary Committee.

20.1.5 Before any decision can be taken in any case, the DC must first put the charge(s) and the material facts upon which the charge(s) rests to the student concerned in writing at least seven (7) days before
hearing of the case, and shall give the student an opportunity to defend
him/herself against the charge, if he/she so wishes, by
leading such evidence and asking questions as may be necessary to further the ends of justice.

20.2 Representation

20.2.1 A student appearing before the Disciplinary Committee or the Disciplinary Appeals Committee may be represented by any member of the academic staff or by any registered student of the University who is not a member of the Student Representative Council (SRC), and, to avoid conflict of interests, who is not a student summoned to answer charges in the same proceedings.

20.2.2 The DC Coordinator shall officially represent the University in any disciplinary proceeding involving students. Where it may be inappropriate for the DC Coordinator to carry out this responsibility due to a conflict of interest, the DC Coordinator shall recuse himself or be requested by the DC to recuse himself, or in cases where the VC has acted in terms of DR17.1 or in any other case where the University considers it appropriate, the Dean of Law in consultation with the Head of Legal services may excuse the DC Coordinator from the proceedings. In such a scenario, the Dean of Law shall, in consultation with the Head of Legal Services, appoint another staff member of the University to represent the University.

20.3 Composition of Disciplinary Committees

20.3.1 A Disciplinary Committee shall consist of the following:

(i) An academic staff member of the Faculty of Law nominated by the Dean of Law, acting as chairperson of the Committee; or

(ii) Where the respondent is a law student, the chairperson of the Committee nominated by the Dean of Law, shall be an academic staff member of the University possessing appropriate skills and experience and duly assisted by the Head of Legal Services, in so far as such assistance is required;

(iii) A senior staff member of the University nominated by the Dean of Law; and

(iv) A representative of the Students Representative Council; and

(v) In cases involving Gender Based Violence, a person appointed by the Dean of Student, who shall be an expert in Gender Based Violence cases.

20.3.2 Each member of the Committee shall be entitled to one vote. However, in the event of a deadlock, the Chairperson shall be entitled to a casting vote.

20.3.3 Notwithstanding DR 20.2.2, in cases of serious misconduct, including cases involving an element of violence or sexual offences, the University shall have the right to appoint a legal practitioner external to the University as chairperson of the DC.

20.3.4 Notwithstanding DR 20.2.1, in cases chaired by an external legal practitioner, and in cases envisaged in DR17.1 and where the DC Coordinator has recused herself or has been excused from the proceedings, the student appearing before the DC or DAC may be legally represented by a legal practitioner of his or her choice or
by legal aid, if he/she cannot afford the services of a legal practitioner.

20.4 The Hearing

20.4.1 During the hearing, the Chairperson of the Disciplinary Committee has the sole responsibility to guide the DC panel when deciding on any question of law,
procedure or admissibility of evidence. In deciding any question of procedure not provided for in the Student Disciplinary Rules of procedure, or on the admissibility of evidence, s/he will not be bound by the formal rules of criminal procedure or evidence applicable in any court of law, but shall be guided by what in his/her judgement is necessary to achieve fairness and justice. This, however, does not preclude the use of rules of criminal procedure and evidence as applied by courts of law if they serve the purpose of justice in the circumstances.

20.4.2 Disciplinary hearings shall be held in camera and only those persons who have been specifically summoned/requested/invited by the University to attend shall be entitled to be present. Notwithstanding the provisions of this subrule, in cases involving sexual assault, sexual harassment and/or rape, the complainant shall be accompanied by a family member or a person designated by the Dean of Students, for emotional support.

20.4.3 The DC Co-ordinator may act as a University advocate or Prosecutor during the hearing of a case.

20.4.4 The Dean of the Law Faculty or his nominee shall serve as Chairperson of the constituted Disciplinary Committee in all disciplinary cases involving students.

20.4.5 The Disciplinary Committee shall inquire into the alleged misconduct, and may for this purpose hear oral evidence through the calling of witnesses and/or call for written reports, and consider such evidence and reports.

20.4.6 Both the DC Co-ordinator and the respondent have the right to call witnesses, and to cross-examine any witnesses called by the other party.

20.4.7 After all the evidence has been presented, the respondent or his/her representative and the DC Co-ordinator shall have the right to address the DC Chairperson or the DC panel as the case may be.

20.4.8 After the conclusion of the addresses, the Chairperson of the Committee shall guide the panel in deliberations, and then render its decision as to whether the accused student is guilty of the charge/s or not on a balance or probabilities, including a decision on the appropriate sentence.

20.4.9 In cases where the student is indeed found to be guilty, the DC may impose any appropriate penalty in line with provisions made in these General Rules.

20.4.10 Where a penalty has been imposed on a student found guilty, the DC Co-ordinator shall inform such a student in writing within seven days of the hearing.

20.5 Penalties

Disciplinary Committee may:

20.5.1 Postpone the imposition of a penalty for a definite period, at the end of which any of the penalties mentioned in 20.5.3 below may be imposed.

20.5.2 Suspend the operation of a penalty imposed on certain conditions, which if not fulfilled, may warrant the activation of the same penalty so suspended.
20.5.3 The following penalties may be imposed by the disciplinary committee:

20.5.3.1 Admonition and/or warning
20.5.3.2 Deprivation of all or some of the following privileges for a specified period or an unspecified period:

(e.g. cribbing, etc.), the appropriate penalty SHALL consist of: (a) an order
that the student repeat the module involved in the following academic year
OR forfeiture of any semester marks, examination marks, test/assignment
marks or any credits acquired in examinations, tests or by
any means;
20.5.3.7 Forfeiture of a degree or diploma obtained in a dishonourable manner;
20.5.3.8 Written apology to a specified person or body;

20.5.3.10 Payment of an appropriate fine, not exceeding R3000.00;
20.5.3.11 Imposition of an appropriate University community
service for a period deemed fit and proper by the DC, or
alternatively, if the said community service is not done properly
or to the satisfaction of the DC, then an appropriate fine not
exceeding R3000.00.
20.5.5 Where a student has been found guilty of swopping his/her room in
contravention of rule DR 12.5 and it is found that the conduct was
motivated by the intention to create/achieve a co-habitation arrangement,
the Disciplinary Committee shall consider imposing the penalty of
exclusion from University student’s residence, even for a first offender.

20.6 Review and/or appeal
20.6.1 Right of appeal/review.
20.6.1.1 A student wishing to exercise the right to appeal or to review the
decision of the DC shall do so within seven
(7) working days from the date that the decision to convict him/her is
communicated to him/her.
20.6.1.2 A student who has been convicted and sentenced by the
Disciplinary Committee shall have the right to have
such decisions reviewed by a Disciplinary Appeals Committee (DAC) on the following grounds only:
(a) that the sentence was so excessive as to be unjust; (b) that he/she has been prejudiced by a material irregularity in the conduct of the proceedings against him/her; or
132
(c) that the facts found proved by the DC Chairperson/panel do not disclose the offence of which he/she was convicted;

20.6.2 Formal Request for Appeal/Review and Response.

20.6.2.1 The student who has elected to appeal/review shall submit an appeal/application to the Vice-Chancellor’s office, and a copy thereof to the DC Coordinator. Upon receipt of the appeal/application, the Vice-Chancellor shall request for a file or record of the proceedings from the DC Coordinator, including the mechanical record of the proceedings, if necessary;

20.6.2.2 The student who is the applicant has a right to request the record of the proceedings from the DC Coordinator, including such proceedings recorded by mechanical means, the cost of which will be borne by the student (if any cost is involved). If the applicant succeeds in the appeal/review, the costs will, however, be met by the University.

20.6.3 The Appeal/Review hearing.

20.6.3.1 The Vice-Chancellor or his appointee, the SRC President and the Dean of Law shall constitute the Disciplinary Appeals Committee (DAC). The Dean of Law shall act as Chairperson of the DAC.

20.6.3.2 The DAC members shall decide the outcome of the appeal/review primarily on the basis of the record submitted to them by the DC Coordinator, the written appeal/application for review from the student or his representative and the submission made by the DC Coordinator.

20.6.3.3 The DAC has discretion on whether to invite both the DC Coordinator and the applicant for the hearing if the records and submissions provided are so clear as to render additional oral submissions unnecessary. However, the discretion should only be exercised in so far as it serves the purposes of justice and fairness;

20.6.3.4 The decision of the DAC shall be reached by consensus.

20.6.4 Powers of the DAC Upon review/appeal.

20.6.4.1 After considering the submissions from the applicant, the DAC has the power to confirm, reduce, increase, alter or set aside the sentence imposed by the Disciplinary Committee;

20.6.4.2 The DAC also has the power to generally give such a ruling, or to impose such a sentence or make such order as it deems fit, including the ordering of a fresh hearing, either before the original Chairperson or Disciplinary Committee or before a newly constituted Disciplinary Committee.

20.6.5 Where the Dean of Students or Dean of the Faculty in which a student is registered is dissatisfied with the outcome of a disciplinary proceeding (either in respect of the verdict reached or penalty imposed by a Disciplinary Committee), that Dean may, by way of a written motivation, request the Deputy Vice-Chancellor: Academic Affairs to consider lodging an appeal against the Disciplinary Committee’s decision. For the purposes of exercising the right of
appeal conferred on the Deputy Vice-Chancellor: Academic Affairs by this rule, the provisions of rules DR 20.6.1 – DR 20.6.5 shall apply subject to necessary modification.

If the University Librarian or his/her duly authorised representative is of the opinion that the breach of the Rule or Regulation is of such a serious nature as to warrant a suspension of more than five days, he/she shall immediately report such breach to the Deputy Vice-Chancellor of the University by letter. He/she shall only readmit such a borrower to the Library on such date as the Deputy Vice-Chancellor, by written notice to the University Librarian or his/her duly authorised representative, may decide.

If the owning Library confirms that the material was legally borrowed by the user, the material will be returned to the user. F.5 FINANCIAL AID

5.1 The University currently offers financial aid to South African citizens who are financially needy and who show academic potential.

5.2 Students are required to apply annually for financial aid and any aid granted is granted for one academic year only.

5.3 Funding for such financial aid is made through the National Student Financial Aid Scheme (NSFAS) and hence the size of any award is determined according to the NSFAS means test. It is important to note that credit cheques will be done on all applications to ensure that the information submitted to the Financial Aid Office is true and correct.

5.4 The closing date for application for financial aid is the 30th November 2018 for new students and returning students. Students are required to apply online at www.nsfas.org.za or collect a manual form at the Financial Aid Office at the University of Fort Hare.

5.5 The value of the NSFAS award will only be credited to the student's fee account in the third term, once all bursaries have been awarded and paid into the student's account. This is to ensure that the loans granted are as low as possible.

5.6 Students receiving NSFAS loans will be required to complete an application form and a loan agreement before any payment will be effected.

5.7 The allocation received from NSFAS is limited and hence the Financial Aid Committee of the University, who makes financial aid awards, must ensure that as many students are supported as possible while at the same time taking into account financial need. Students are therefore
advised that registering on the basis of receiving a full loan from NSFAS should not be considered and that a family contribution as determined by the Means Test may be required.

NSC Minimum Requirements for SDE/ Foundation Year Programme students

The Social Science and Humanities Foundation Programme (SSHFP) is an entrance programme intended to provide a strong academic foundation and additional academic support to students who do not meet the Faculty of Social Sciences and Humanities minimum entrance requirements. The SSHFP follows the same structure as mainstream modules, but its curriculum is extended over a longer period and there is additional support. Mr M Peter

The University of Fort Hare is well known for its commitment to the National Development Plan which strives to eliminate poverty and reduce inequality by 2030 through uniting South Africans to work together in unleashing the potential of its citizens. To this end, with the support of the Department of Higher Education and Training, the National Development Agency, ELMA Foundation, South Africa Partners and Wheelock College in Boston, USA, and stakeholders that will become involved in the future, the University of Fort Hare has embraced a transdisciplinary approach to Early Childhood Development through the establishment of an Early Childhood Development Centre of Excellence. The overarching mission of the work of the ECD Centre of Excellence is to advance knowledge of the development of young children in their communities in the region, and to use this knowledge for building capabilities and transforming public childhood provisioning for social justice and achieve meaningful outcomes. The ECD Centre of Excellence has identified three strategic priorities:

Firstly, is to undertake and lead transdisciplinary research in childhood studies. The key interlinked strategies it has adopted in this regard are the development of longitudinal research programme, action oriented research and building the ECD Niche Area (RNA) areas identified above are interdependent.

Secondly, is to contribute to innovation and development of ECD qualifications as the basis for its human resource development activities and as pathways to professionalization in the field. The strategies to this end include the development of bilingual ECD qualifications and programmes, including a Diploma in ECD (0-4) and B.Ed ECD (0-4) both for pre service and continuing teacher education. The two qualifications will be offered in 2020.

Thirdly, is to contribute to enhancing ECD Provisioning through collaborative design and implementation of programmes and services.

Student Governance is the voice of the student body at the University of Fort Hare. The Student Representative Council (SRC) provides programmes and services for all registered UFH student organizations.

The current structure of the SRC across campuses is such that there is a common President and Secretary General however each of the campuses Alice and EL runs parallel portfolios on each campus.

PLANNING AND QUALITY ASSURANCE UNIT (PQA)

The PQA Unit has three principal functions. These are:

Strategic and academic planning, including its monitoring and evaluation; Quality assurance, regarding both academic and support services; and Management information, including external reporting and institutional research.

These functions overlap and reinforce each other, playing critical roles affecting the University’s operations, strategic direction, academic structure, its positioning and ultimately its success.

The PQA Unit is committed to ensuring that the University offers quality education and services to our students and the broader community by means of an overarching quality system and quality cycle that functions through reviewing the goals and activities of academic departments and support services divisions, with the aim of continuous improvement and innovation. The PQA Unit acts as a clearing house, catalyst and monitor for innovation in quality, teaching, research and service delivery, keeping in mind the diversity and unique needs of our student body. It also fulfils the functions of communication, interpretation and integration of policy, as well as support in institutional processes. The Unit works closely with the various Quality Assurance committees within the institutional context. The fundamental view of the PQA Unit is that quality enhancement is everyone’s concern.

The PQA Unit plays a major role in strategic and academic planning, guiding and advising academic and support units with regard to internal and external changes and trends as well as their potential opportunities and consequences. It also helps to determine student enrolments as well as having an important benchmarking, monitoring and evaluation function.

Finally, the PQA Unit is responsible for reporting management information data to the Department of Higher Education and Training, a critical function that ultimately determines institutional subsidies. This same information is also used internally for a variety of purposes, including institutional research.

RESEARCH AT THE UNIVERSITY OF FORT HARE

The University of Fort Hare is committed to the promotion of research as a core university activity and to the building of research capacity. Its research strategy recognizes the need for research to address local, regional and national needs. It seeks ways to engage in a critical dialogue with partners to build research in areas which complement the University’s historical niche as an African university whilst ensuring internationally recognized excellence.

The University is supported by the National Research Foundation and participates in its IRDP, Thuthuka and Focus Area Programmes. It has approved Research Niche Area programmes in: Water Resource Management; Sustainable Agriculture and Land Use Strategies; Culture, Heritage and Social Transformation; and Rural Household Economics. In collaboration with THRIP, Telkom funds a Centre of Excellence in the Computer Science Department. Among the major supporters of research are the CSIR, ESKOM, the Medical Research Council, the Mellon Foundation, SANPAD, the Development Bank of South Africa and the Water Research Commission, as well as national and provincial government departments.

Research administration at the Faculty level is overseen by the Faculty Research Committees, which coordinate and promote research among staff and students while the administration and promotion of post-graduate studies at the Faculty level is overseen by the Faculty Higher Degree Committees.

The office of the Dean of Research is housed in the Govan Mbeki Research and Development Centre (GMRDC) based at both the Alice and East London Campuses.

GOVAN MBEKI RESEARCH AND DEVELOPMENT CENTRE (GMRDC)

The Govan Mbeki Research and Development Centre (GMRDC) was established through the amalgamation of the earlier office of the Dean of Research and the former Govan Mbeki Research Resource Centre (GMRRRC). The Centre acts as a service to staff on all research and Research and Development related matters across all campuses and administers the University’s research budget. It stimulates, promotes and builds research capacity among staff and postgraduate students and works in collaboration with donors and national and international research bodies. The Centre also develops - and monitors the implementation of - the University’s research, postgraduate and research ethics policies.

The Directorate of Post-Graduate Studies is located within the GMRDC and is responsible for the promotion, development and implementation of post-graduate teaching, services and activities across all campuses. Its main physical base is on the Alice Campus and on the East London campus within the Research and Post-Graduate Centre at 4 Hill Street.

The Teaching and Learning Centre (TLC) was established in 2004 to address the changing needs of Higher Education. The focus of the Centre is to foster teaching and learning excellence to enable students and staff to derive the greatest possible benefit from the academic environment at UFH. The Centre was launched to play a strategic role in all areas of teaching and learning in order to realize the UFH’s vision and mission. The TLC is a stand-alone Centre under the leadership of a Director, who reports to the DVC: Academic Affairs. The Centre provides support to academics and students through a variety of initiatives, programmes and services in three key areas: teaching development which incorporates professionalization of academic staff, the development of student learning, and the integration of technology enhanced learning. These efforts have been further enhanced by the availability of the University Capacity Development Grant from the DHET.

The TLC’s vision is to be an innovative, well-resourced centre with committed, professional staff contributing to teaching and learning excellence through reflective and research-based practice.

The TLC’s mission is to develop and promote responsive and relevant teaching and learning communities of practice.

The vision and mission will be realized through:

- Professionalisation of higher education teaching practice through the provision of ongoing academic staff enhancement and development through programmes such as the Post Graduate Diploma in Higher Education and Training (PGDHET)

- The provision of student support and development initiatives for maximisation of learning such as Supplemental Instruction, the Language Writing Advancement Programme and Tutor Training

- The integration of technology to enhance teaching and learning;

- Collaborative development and review of policies to ensure teaching and learning excellence;

- Promoting the scholarship of teaching and learning, as well as scholarly teaching practice;

- Supporting the design and development of innovative learning programmes; and

- Pursuing internal and external partnerships to further develop teaching and learning.

Over the past decade, the University of Fort Hare has shown interest in a properly
cooordinated and structured transdisciplinary project. This interest coincided with the
national policy imperatives that are linked to the Department of Higher Education
and Training and the Council on Higher Education (CHE). This quest for
transdisciplinarity relates to the limitations of the present modes of knowledge
generation and production to address increasingly complex societal challenges and
to “produce knowledge that is more relevant to South Africa’s social and economic
needs, more representative of the diversity of its knowledge producers, and more
inclusive of the variety of sites where knowledge is produced” (*Undisciplining
Knowledge Production* Winberg 2006:159)

Thus, in 2006 when, as part of the celebrations of the 90th Anniversary of the
University of Fort Hare, the Vice-Chancellor launched a process to re-create the
curricular project of the University, the idea of a Centre for Transdisciplinary Studies
(CTS) was mooted. Subsequently, many meetings and discussions were held.
These involved everybody in the University and outside guests came to speak to the
University community. As a result, many novel and exciting ideas emerged that
produced a shared understanding and a political-will within the University.

In 2008, the Senate and Council approved the development of the Grounding
Programme, which later on became the Life, Knowledge, and Action Grounding
Programme (LKA/GP). The LKA/GP, in brief, is the most visible transdisciplinary
programme at the University of Fort Hare and its major focus is being a solid “core
undergraduate programme of the university that establishes a transdisciplinary ethos in
students. It encourages them to find ways in which they can use their knowledge to the
benefit of society” (Academic Review, 2010). The LKA Programme emerged as part of
curriculum transformation within the University.

The structure and human resource requirements of the programme have evolved
over time, from the stage when the LKA/GP was being piloted in 2009 through to
2012, when the Centre for Transdisciplinary Studies was operationalized.

**VISION AND MISSION STATEMENTS OF THE CENTRE FOR TRANSDISCIPLINARY STUDIES (CTS)**

**Vision**

To be the Centre of excellence grounded on humanizing pedagogy, African
philosophic thought and transdisciplinarity, aiming to be amongst the leading
transdisciplinary Centres in the country by 2022.
Mission

To serve the University Community through transdisciplinary teaching and learning, research and community engagement.
Objectives of the Centre for Transdisciplinary Studies (CTS)

To serve as a facilitative unit that coordinates research from diverse fields - transdisciplinary research.
To conduct research in transdisciplinarity.
To facilitate transdisciplinarity across the University’s teaching and learning. To offer the LKA/GP within the University of Fort Hare.
To establish an active dialogue with different forms of knowledge that will encourage the creation of a dynamic exchange between the exact sciences, the social sciences and the indigenous knowledge systems.

To establish and participate in community engagement projects.
To offer a transdisciplinary postgraduate research programme by 2022.
To organise and participate in transdisciplinary colloquia, seminars, conferences and press briefings.

Defining the Life, Knowledge, Action Programme (LKA/GP)

The Life, Knowledge, Action: The Grounding Programme (LKA-GP) is a first year 16-credit semester programme that can be described as a transdisciplinary teaching and learning experience based on a just, humanising and collaborative pedagogy that builds on students’ knowledge as a way of developing compassionate, socially-engaged, critical and responsible citizens. Its genesis lies in the reflexive capacities and inclinations of the University. Consequent to an introspective exercise, the University decided in 2007 to implement a programme aimed at tackling some of the challenges facing higher institutions of learning, communities and students. Founded on the principles of Africanisation, ubuntu, dialogue, community service, critical thinking and social engagement, the pilot of the LKA-GP was launched on 13 July 2009.

The implication of this transdisciplinary approach to teaching and learning and research, basically, means that the boundaries between the basic sciences (physical sciences) and the social and human sciences will be narrowed. Students in the different faculties, departments and programmes will, as a consequence, follow a common direction that makes knowledge integrative and holistic. In the process, limitations of disciplinarity, multi-disciplinarity and inter-disciplinarity will be overcome. Students are thus enabled to study different disciplines in a combinatory manner.

The LKA/GP is thus meant to straddle the interface of knowledge, reflection and value formation. Its goals include assisting students in their formation of a set of values and ethics for their lives. It seeks to do so through exposing students to knowledge and experiences that help them
to become more conscious, critical and creative, rather than suggesting a more prescriptive or technical approach to value formation.

The Hunterstoun Centre was set up by the University of Fort Hare as a place for creative thinking, writing and conversations. The Centre operates from the lovely stone family home of Monica Hunter Wilson. The property was originally part of the farm Hunterstoun, still owned by the Wilson family. The cliff edge view overlooks the Tyhume Valley with the Alice Campus of the University in the distance some 30 km away. The quiet, beautiful environment is perfect for its current and planned future activities.

At present the Centre is used largely for off-campus university linked activities for example, academic writing workshops, discussions, strategic planning by academic and support function groups. It is also a place for quiet reflection, reading and writing by individuals in the purpose-built library.

The Centre houses the special collection of social anthropologist, Monica Hunter Wilson in the library.

The Hunterstoun Board is responsible for oversight and strategic planning while a UFH Internal management Exco overseas issues which arise between Board meetings. The Centre is funded by the University, with income from workshops and activities contributing to the running costs.

The current use of the Centre is somewhat curtailed by groups staying for more than one day having to be accommodated in one of the local hotels. This is costly while also limiting the collegial opportunities possible in a residential facility. Plans are underway for the renovation and upgrading of the existing Centre buildings. The longer term vision is to develop accommodation for 30 people on site, with a fellow-in-residence programme, but this can operate in tandem with expanded use by short term groups.

The Hogsback settlement is a popular tourist setting. Nestled in the Amathola mountains, the area offers indigenous forest walks, spectacular waterfalls, mountains to climb and magical views all within close walking distance of Hunterstoun Centre.

CENTRE FOR LEADERSHIP ETHICS IN AFRICA (CLEA)

CLEA is a specialized inter-disciplinary Centre for promoting African leadership. Seeking to augment the educational, intellectual and moral legacy and mission of UFH, it conducts research, provides public lectures and colloquia for the University and wider community and teaches post-graduate students. Working closely with related departments and research units at UFH, CLEA aspires to foster constructive dialogue and debate through research, teaching, seminars, workshops and conferences and in so doing advocate a realistic moral agenda for African leadership.

CLEA delivers original perspectives on leadership in practical ethics, critical theory and intellectual history, to build on and strengthen leadership values associated with economic freedom and democracy in Africa. Overarching themes include moral competence, courage, dignity, ideology, reconciliation, gender, authority, responsibility, justice, governance, imperialism, indirect rule, trusteeship, sustainable development, poverty, land reform, tenure security, sexuality, kinship and the family.

Ethical leadership and public virtue are key factors in sustainable human development and democratisation. African leadership principles and practices can accelerate socio-economic transformation and contribute to the “reconstruction and development of the South African soul”, or moral regeneration (Nelson Mandela), against corruption and non-delivery, as critical components of the war against poverty (Thabo Mbeki). Ethical leadership must be nurtured over time. There is a need to integrate a practical ethical focus into the curriculum at every level of education. Institutions of Higher Learning are key, since they provide society with a substantial proportion of its leaders.

Being particularly perceptive and alive to the moral leadership challenges of our continent, the University of Fort Hare created a dedicated institutional space in the Centre for Leadership Ethics in Africa to contribute to the moral development and wealth of African society. Since a large percentage of UFH students become leaders in institutions, organizations and communities of southern African society, UFH is well-positioned to develop ethical leadership in and through the leaders who study here.

CLEA offers postgraduate supervision in African Leadership, with a disciplinary basis in Practical Ethics, Political Philosophy, Intellectual History, and Critical Theory.

FORT HARE INSTITUTE OF SOCIAL AND ECONOMIC RESEARCH (FHISER)

INTRODUCTION

The Fort Hare Institute of Social and Economic Research (FHISER) is a multi-disciplinary research institute which was established at the University of Fort Hare in 2004. It is located on the East London campus. FHISER's location in East London situates the Institute at the geographical, political, economic and administrative hub of the Eastern Cape. This proximity of the Institute to government, business, donor agencies and NGOs creates excellent opportunities for synergies between research and development.

FHISER focuses on academic and applied research designed to produce new world leading knowledge that also informs evidence based development policy making and implementation. The Institute does not only draw on the rich history of advanced interdisciplinary social sciences and humanities critical enquiry and scholarship Fort Hare is known for globally, but has also positioned itself as an institutional research space and thought leadership platform on current complex South African socio-economic, cultural, environmental and political issues. Its South African focused research agenda draws extensively from comparative critical scholarship from the rest of the global South.

FHISER is committed to a multi-disciplinary research tradition:

(a) by applying internationally recognized research and development best practices to produce innovative academic and applied research outputs
(b) by continuously initiating and undertaking new primary research in rural and urban communities around the Institute’s major research themes
(c) by conducting research which informs evidence-based decision making at local, provincial and national government levels
(d) by advancing science for policy, which relates to ensuring that policymakers are acting on the basis of the latest and best science evidence
(e) by establishing research partnerships with other universities, as well as public and private sector concerns so as to advance research and innovation
(f) by offering internships and training opportunities within the Institute's research programmes for emerging scholars, postgraduate students and development practitioners.

RESEARCH PROFILE

FHISER has three components of research, training and development:

1. Academic Research
As a university research institute, we conduct primary academic research. Our researchers have published books, book chapters and articles in leading international and national accredited journals.
2. **Applied Research**  
Our academic research overlaps with applied research work. We conduct applied research for local, provincial and national government policy makers as well as international organisations (e.g., UN agencies, World Bank) and NGOs such as Ford Foundation, Oxfam South Africa, Hivos Southern Africa and World Vision.

3. **Research Training and Development**  
Our third component is postgraduate student training and development. Our researchers supervise local and international PhD and MSocSc candidates on a variety of social sciences research projects. A vibrant structured MA in African Studies is also taught by FHISER researchers and other lecturers from within the university. Most of our PhD, MA and MSocSc students intern as research assistants in our research projects.

At FHISER we are thus able to work between academic and applied research contexts. The Institute has an excellent track record of working with government, international organisations, NGOs and CBOs on research projects concerning some of the most pressing social, economic, political, environmental and health problems provincially and nationally. We also have a strong track record of working in rural areas and with traditional leaders and community institutions in the most remote parts of the Eastern Cape Province.

**RESEARCH THEMES**

The Institute is currently pursuing five main research themes with exceptional dynamism and academic enterprise. These are:

1) Climate Resilience Futures  
2) Migration and Citizenship  
3) Gender and Social Transformation  
4) Rural Youth Capabilities and Livelihoods  
5) Culture and Heritage

**STAFF MEMBERS**

The Institute’s researchers and research associates come from a wide range of disciplines, including development studies, sociology, economics, history and anthropology.

The IsiXhosa National Lexicography Unit, (formerly Xhosa Dictionary Project) is a culmination of a project of the University of Fort Hare which started in 1968, under the late Prof W H Pahl, as its Director and Editor-in-Chief. It was a response to a need by students of IsiXhosa, for a modern, definitive, scientific standard dictionary. The IsiXhosa National Lexicography Unit shall herein be referred to as the Unit.

The Pan South African Language Board (PanSALB), a body established by an Act of Parliament under the Department of Arts and Culture and entrusted with inter alia, with the development of all languages of South Africa, set up eleven national lexicography units, i.e. one for each of the official languages in South Africa. The IsiXhosa National Lexicography Unit was then transformed, hence the new name IsiXhosa National Lexicography Unit, XNLU for short i.e. IZiko leSizwe loChazo- magama lesiXhosa.

The Unit is governed by a Board of Directors. There is a clause in the formation of the Board which states that there must be a representative from the host University on the Board of Directors. Thus Dr Sibizwa Mdaka from the Department of African languages was appointed to represent the university; he is also the Chairperson of the Board. The Deputy Chairperson is Dr Nosisana Mkonto from Cape Peninsula University of Technology and some other representatives from other institutions. To date the Unit has published three volumes of the Greater Dictionary of IsiXhosa (GDX). Volume 3 was published in 1989 and it comprises alphabet letters from Q-Z (Editor-in-Chief was Prof W H Pahl). Volume 2 was published in 2004 (Editor-in-Chief was Prof B M Mini) and it comprises alphabet letters from K-P. Lastly, Volume 1 comprises alphabet letters from A-J was published in 2006 (Editor-in-Chief was Mr S L Tshabe).

The Greater Dictionary of IsiXhosa (GDX) is a comprehensive dictionary with definitions given in isiXhosa and then translated into English and Afrikaans. By its trilingual nature, it would be of assistance to translators and interpreters as well. It would increase the capacity to adopt science and technology for economic development and also its isiXhosa culture. Lemma entries of these volumes are thoroughly researched and defined. The GDX has addenda which contain valuable information on linguistic, historical and cultural aspects of isiXhosa.

This monumental work represents a giant step towards providing members of the isiXhosa speaking community with a major reference text that will enable them to make use of their language to the maximum, whilst simultaneously making it possible for them to actively partake in a multilingual environment. It therefore gives practical meaning to the government’s resolve to promote multilingualism. In March 2007, the Unit started with the compilation of a monolingual dictionary which is designed to meet the needs of the school market. This dictionary is the
first of its kind in isiXhosa. An isiXhosa word is defined in isiXhosa. It is mainly aimed at assisting learners who find it difficult to understand words in isiXhosa language. It was published in September 2008. In 2014 the XNLU has published Mathematics and Science pedagogic dictionary in IsiXhosa for primary schools.
In 2018 the XNLU celebrated 50 years of its existence with a monumental achievement in history of lexicography in South Africa, isiXhosa is the first language in Southern Africa to produce comprehensive trilingual dictionary.

The XNLU spearheaded the 1st National Celebration of Dictionary Day in history of South Africa dictionary production, on 16 October 2018 all Pan South African Language Board (PanSALB) structures for all official languages: National Language Bodies (NLB’s); National Lexicography Units (NLU’s) and PanSALB Provincial Managers and other government departments gathered at the University of Fort Hare to Celebrate International Dictionary Day and the XNLU also launched officially its Foundation Phase pictorial dictionary.

Currently, the Unit is embarking on three major dictionary projects which are running concurrently
(i)isiXhosa comprehensive monolingual dictionary (ii) on-line/digital isiXhosa dictionary; (iii) bilingual isiXhosa/English dictionary for GET and FET level of schooling. Despite producing dictionaries, the Unit has undertaken a pledge to produce at least one journal paper annually so that its lexicographic work can be documented and published in local and international journals. Through these endeavours the Unit seeks to contribute in research outputs of the University of Fort Hare.

The Unit is so privileged to have staff members who have extensive experience to assist on issues relating to theory of lexicography; terminology development; intellectualization of African languages. This takes isiXhosa beyond arts and cultural domains; cultural matters; multilingualism and indigenous knowledge systems The Unit also assist students who want to pursue their research on development of African languages, particularly isiXhosa. The Unit is an open centre for public use; students; researchers; learners and language practitioners are welcome to visit the Unit during office hours to get information on language related matters.

XNLU is also in collaboration with Rhodes University lexicography section, from time to time Rhodes students for lexicography visit the unit to get hands on experience on dictionary production. The marketing strategy of the Unit for its products is built on the perceived demand for quality lexicography products in isiXhosa like monolingual dictionaries; bilingual dictionaries; and multilingual dictionaries. The Unit strives to incorporate technology in the form of information science to meet the demands of the end-users of its products while advancing isiXhosa to be a language used in all domains of life especially education, commerce and other public spheres. At the same time the Unit wishes to use the opportunity to build and cement good interpersonal communication with its stakeholders and customers through its interactive website (www.xnlu.ufh.ac.za).

NATIONAL HERITAGE AND CULTURAL STUDIES CENTRE (NAHECS)

Where Liberation History, Heritage and Culture

Meet Scholarship HISTORICAL BACKGROUND

The National Heritage and Cultural Studies Centre (NAHECS) was first established in 1981 as the Centre for Xhosa Literature attached to the then Faculty of Arts. From that time, it accumulated, documented and preserved oral and written literary material pertinent to the isiXhosa Language with the purpose of making those sources available to researchers and members of the public. In 1991 it was renamed the Centre for Cultural Studies (CCS) as it added objectives to promote knowledge and understanding of human activities pertinent to heritage and culture in South Africa. Thereafter collection and preservation of appropriate material evidence, the study and exposition of the country’s heritage and culture became a necessity.

From 1998, the Council approved a second change of name to the National Heritage and Cultural Studies Centre (NAHECS). NAHECS thus became a broad-based institution that focuses on archival, museum, heritage and cultural studies unit, with measured research on transformation of these. In that same year its significant museum collections were unanimously declared ‘national cultural treasure’ by South African Parliament.

VISION

NAHECS is a bona fide archival, curatorship and academic unit of the university. It envisions itself a major conservation, academic and research institution in respect to heritage and cultural studies and liberation history in Africa, accessible to the scholarly community and the public, and as a centre of excellence engaging in national and international scholarly discourses, producing critical knowledge, and expanding the intellectual capacity of the South African nation.

MISSION

NAHECS, working with academic units, interdisciplinary programmes and strategic partners pursues the mission of acquiring, conserving, processing, developing and managing liberation history and cultural archives, literature, works of art, artifacts and intangible heritage materials. The Centre enables students and array of scholars to explore and study empirical materials in order to produce knowledge in a manner that empower participants in its respective programmes. These are geared to contribute towards the process of defining or redefining social relations, issues of identity, heritage and cultural policy, and also for vivifying the historical role and the expansion of critical intellectual tradition of the University.

ART AND ARTIFACT COLLECTIONS

Estelle Hamilton-Welsh Collection
This collection donated to Fort Hare in 1963 by Estelle and Fred Welsh was gathered between the years 1880 and 1940 and consist indigenous African objects that reflect the heritage of the
Eastern Cape, Mpumalanga and KwaZulu Natal. The collection consists of beadwork, clothing costumes, wooden artifacts, and those of medicines and weapons from various ethnic groups of Xhosa, Mfengu, Thembu, Mpondo, Zulu and Ndebele origins.

**FS Malan Collection**

This collection donated to Fort Hare during the mid-1930s by FS Malan, who was one of council members at the time, contains a wide range of Southern African ethnographic artefacts. It includes mainly beadwork, cloth, animal skin bags, traditional skirts dyed in red and yellow ochre for girls and women, agricultural implements, traditional hunting weapons, medicines, specimens of edible plants, indigenous divining bones and equipment, as well as carved wooden walking sticks. It reflects the diversity of culture of different ethnic groups such as those of the Xhosa, Mfengu, Mpondo, Zulu, Shangaan, Swazi, Venda, Pedi, Sotho, Tlokwa and Ndebele peoples of Southern Africa. The artifacts were collected from as far as the provinces of Mpumalanga, Limpopo, the North West and the Free State.

**Contemporary South African Black Art and Artists**

The University of Fort Hare and NAHECS in particular is renowned for its custodianship of contemporary South African Black Art Collection that covers a wide range of fine art disciplines. These encompass etchings, woodcuts, wood blocks, linocuts, serigraphs, drawings, paintings and sculpture that represent more than 150 artists. The majority include internationally recognised personages such as Gerard Sekoto, George Pemba, Sydney Khumalo, John Muafangejo, Lucas Sithole, Ephraim Ngatane, John Mohl, Cyprian Shilakoe, Ezrom Legae, Louis Maqhubela and Dumile Mhlaba Feni. The most important section of the collection dates from 1930 to 1950 among which Sekoto and Pemba pioneered township art. The paintings and prints produced between 1960 and 1970 are complex in content, and lay the foundation for the development of art in the following decades. The third period covered by representatives of this collection is between 1970 and 1990. It covers a wide range of subjects of historical importance.

**Archives of the South African Liberation Movements**

Importantly the University is the custodian of the archives of the Liberation Movements, most of which was donated by various black political parties after their unbanning after 1990. These include records of the African National Congress (ANC), Pan Africanist Congress (PAC), the Azanian Peoples' Organisation (AZAPO), the Black Consciousness Movement (BCM), the Unity Movement (UMSA), and the New Unity Movement (NUM) as well as the Sport and Liberation Materials Collection. Personal papers of a number of activists and the records of the Federation of Seminaries (FEDSEM) are in the archives. The University Records also form a large collection. NAHECS is currently embarking on acquiring, processing and developing a Sports Liberation Materials Archive.
ACADEMIC PROGRAMMES AND RESEARCH

NAHECS staff service the research needs of scholars and students interested in South Africa’s liberation history, heritage and culture, and some participate as lecturers, supervisors and facilitators in appropriate academic disciplines at the University.

This Centre further initiates, promotes and facilitates research based on its archives, artefacts and art works. NAHECS encourages research on living heritage subjects, including Indigenous Knowledge Systems and Indigenous Music and Orality.

 Appropriately qualified NAHECS staff members also teach undergraduate courses and modules and supervise students pursuing thesis-based MA and PhD degrees in various academic disciplines of the University.

THE NELSON MANDELA INSTITUTE FOR EDUCATION AND RURAL DEVELOPMENT

President Nelson Mandela launched the Nelson Mandela Institute for Education and Rural Development (NMI) at the University of Fort Hare in 2007, to take forward his legacy work in the area of education and rural development.

The NMI was founded as a partnership between the University of Fort Hare, the Department of Basic Education, and the Nelson Mandela Foundation, based at the University of Fort Hare within the Faculty of Education. The Institute is governed by a Board of Trustees representing the University, the Department of Education and innovators in education and rural development.

The mandate of the organisation is to work in long term partnerships with rural schools and communities to develop sustainable solutions to improve public quality education into the future. The Institute focuses on early grade African language based bi-literacy and mathematics, developing specialist understanding of teaching and learning in African language dominant settings.

As a part of the Faculty of Education, the NMI contributes to the development of the isiXhosa-English bilingual Bachelor of Education for Foundation Phase educators, launched in 2018.
